technology now focuses on relevancy serving up the posts that are most likely to relate to certain users based on their activity on the site So every time a user clicks through a post or spends a certain amount of time looking at a certain influencer Instagram is capturing that data in some way and building it into their engine to ensure that posts that users won't care about are less likely to show up in their feed We do know however that Instagram is looking at the following Timely content This is all about recency meaning if a user hasn't logged in for a while they won't have to scroll through outdated and no longer relevant posts They'll be shown timely content that matters to them Interest This is really the secret sauce as Instagram is paying attention and will serve content that it believes the user will be interested in Relationships Instagram knows what photos users tag and where they comment So if a user has interacted in some way with certain brands in the past they are far more likely to be served content from that brand or similar brands in the future For marketers this is a great thing It means that as Instagram learns more about your brand your posts and advertisements are more likely to get in front of your niche or target audience A few notes about Instagram Shopping With the release of Instagram Shopping in late 2016 Instagram literally turned their platform into an online marketplace While it is still a common practice to include website links to your business site and even to a product page now it is possible to allow the customer to transact directly on the Instagram platform For businesses that want to enable the Shopping capability they need to meet the following requirements You must have an Instagram business profile That business profile needs to be connected to a Facebook catalog Your company's registered headquarters location must be located in one of the Instagram approved countries Items for sale must be physical goods that comply with the trading guideline and terms of use set forth by Instagram As this Instagram Marketing Guide is intended as a resource for those getting started with Instagram marketing we will not be providing a deep dive of the Instagram Shopping capability Here is a Preview of What You Will Get A Full Book Summary An Analysis Fun quizzes Quiz Answers Etc Get a copy of this summary and learn about the book **Instagram Marketing For Viral Influence** Robert Denares, 2020-04 Have you ever looked at other successful million follower Instagram businesses and wondered if you can get to join them How about seeing increased profits boosted audience engagement and creating your own tribe of followers always hungry for your products and services If That sounds good to you then step up and dive on into the fast growing exciting world of Instagram Marketing Whether you are already running a business or planning to use Instagram as a spring board to launch your next big product and service Or simply wanting to see how far can you go as an Instagram Influencer this step by step practical guide to Instagram Marketing will get you to where you want to go The Truth Is Instagram has grown so big so fast with its 1 Billion Users monthly that All Successful Businesses Want to tap on it in order to get more reach engagement and brand loyalty If you are new to Instagram or new to the Instagram Marketing business then you have got to Read on In Instagram Marketing For Viral Influence You will Get The key idea why Instagram Marketing CAN Work For You The Technical Bits crucial to Your Business Success on Instagram Those Two Key factors for
