**Working From Home. A Consideration Of The Effectiveness, Practicalities And Psychological Outcomes** Maria Clarisa Pascual, 2021-08-25 Seminar paper from the year 2020 in the subject Psychology Work Business Organisation grade 1.0 language English abstract This study examined the effectiveness practicalities and psychological outcomes of working from home Since the pandemic hit the world in 2020 there were a lot of changes that needed to be implemented especially in the Philippines One of the most affected was the workforce There were people who needed to go physically to work like the health workers and other front liners For some government offices they needed to continue working but because the transportation was suspended many transformed their physical offices to virtual offices and meant that employees would need to work from home *E-Pedagogy for the Digital Age* Dr. P. C. Nagasubramani, Adult learners have more options for enrolling in postsecondary education than ever before and they are able to use their learning style preference in deciding which program best meets their needs For some of these students those programs are fully online and for others there is minimal use of technology As technology grows and become more integrated into individual lives the unique learning styles and preferences of adults need to learn to be incorporated into instructional design Drawing on a regional sample of US colleges 545 adult learners in a graduate programs were surveyed about how to effectively build community in their online classes Results indicated some agreement with these instructional tools Mature adult learners however were found to have stronger agreement with strategies that included work outside of the formal online class These results suggest perhaps a greater comfort for adults in working in spaces where there is less likelihood of being judged or graded and that they might value relational work with other students in different ways than younger adults **Issues of Terrorism in the**
