those years As a pandemic lockdowns and an economic downturn convulsed America police shootings of George Floyd and  
other African Americans touched off the largest protest movement in U S history At the same time mass shootings soared  
many states saw unprecedented increases in gun related incidents Churning in the background were a bitter presidential  
election campaign and counterprotests opposing public health measures and the election result itself Mayors of cities big and  
small struggled with some of these challenges but Dennis McBride the new mayor of a mid sized mostly White suburb  
bordered by the majority minority City of Milwaukee called the heartland of the heartland faced them all His city a  
microcosm of a troubled America teetered on the verge of anarchy while playing a crucial role in the presidential election A  
City on the Edge is the gripping story of how he and other mayors have steered America s hometowns through a storm of  
personal and political divisions Though the chaos of 2020 has gradually subsided it is still reverberating in the nation s  
economy politics and psyche The changes sparked by the events of that historic year continue to vex mayors and their
