Implementing a Virtual Coaching Model for Teacher Professional Development Myers,

Suzanne,Rowland, Amber,Elford, Martha D.,2022-01-14 Over the last two decades the use of instructional coaching has surged in PreK 12 education settings as one way to support the implementation of instructional best practices in a wide range of disciplines However not all educators have access to high quality instructional coaching due to multiple factors which typically include isolation geographic and otherwise limited financial support and limited professional development time In addition the COVID 19 pandemic brought long periods of quarantine and social isolation where educators were scrambling to teach in an unfamiliar medium and virtual coaching was the only way they could receive professional development For these reasons many districts are exploring virtual solutions to provide professional development and coaching support Implementing a Virtual Coaching Model for Teacher Professional Development addresses how to effectively implement virtual coaching in the field of education and discusses how technology can provide more equitable access to job embedded and personalized professional learning through virtual coaching across all educational institutions Covering a wide range of topics such as sustainable learning and cognitive coaching it is ideal for professional development professionals corporate trainers education leaders principals teachers researchers practitioners academicians and students
