Battle Lomba 1987 Mechanized Commanders:

Battle on the Lomba 1987 David Mannall, 2022-05-20 A South African national serviceman recounts becoming a soldier and an ensuing David and Goliath face off against Angolan armed forces in 1987 The climactic death throes of Soviet Communism during the 1980s included a last gasp attempt at strategic franchise expansion in southern Africa Channeled through Castro's Cuba oil rich Angolan armed forces FAPLA received billions of dollars of advanced weaponry and thousands of armored vehicles Their intent to eradicate the US backed Angolan opposition UNITA then push southwards into South Africa's protectorate SWA Namibia ostensibly as liberators 1985 saw the first large scale mechanized offensive in southern African history Russian Generals planned and oversaw the offensive but didn't account for the tenacity of UNITA supported by the South African Defense Forces SADF or the rainy season The 85 offensive floundered in the mud and FAPLA returned to their capital Luanda The South Africans stood down confident their covert support for UNITA had demonstrated the folly of prosecuting war so far from home against Africa's military Superpower However they were mistaken Fidel and FAPLA immediately redoubled their efforts strengthening fifteen battalions with even more Soviet hardware while Russian and Cuban specialists oversaw troop training As Cuban and Angolan fighter pilots honed their skills over the skies of Northern Angola David Mannall a normal seventeen year old kid completing high school was preparing for two years of compulsory military service before beginning Tertiary education Through a series of fateful twists he found himself leading soldiers in several full scale armored clashes including the largest and most decisive battle on African soil since World War II This is a David and Goliath story that has never been truthfully told The author reveals how Charlie Squadron comprising just twelve 90mm AFVs crewed by thirty six national servicemen as part of the elite sixty one Mechanized Battalion engaged and effectively annihilated the giant FAPLA 47th Armored Brigade in one day 3 October 1987 Their 90mm cannons were never designed as tank killers but any assurances that it would never be used against heavy armor were left in the classroom during the three month operation and never more starkly than the decisive Battle on The Lomba River The Communist backed offensive died that day along with hundreds of opposition fighters 47th Brigade survivors abandoned their remaining equipment eventually joining the 59th Brigade in what became a full scale retreat of over ten thousand soldiers to Cuito Cuanavale The myth perpetuated by post apartheid politicians goes something like this The SADF force that destroyed 47th Brigade on 3 October numbered 6 000 men and that all the hard yards were run by the long suffering UNITA The inconvenient truth is that there were just 36 South African boys on the frontline that day but it is also true to say they would never have achieved such a stunning victory without the support of many more This is their story

A Far-Away War Ian Liebenberg, 2016-01-31 South Africa's armed forces invaded Angola in 1975 setting off a war that had consequences for the whole region that are still felt today A Far Away War contributes to a wider understanding of this war in Angola and Namibia The book does not only look at the war from an e olde South African Defence Force perspective but also gives a voice to

participants e on the other sidee emphasising the role of the Cubans and Russians This focus is supplemented by the inclusion of many never before published photographs from Cuban and Russian archives and a comprehensive bibliography

Battle on the Lomba 1987 David Mannall,2014 Let us go into action with Charlie Squadron living on the edge Ratel 90s against Russian T55 tanks few against many A captivating read with beautiful twists and turns without once losing the thread A story most profound of life in the military as told by a young South African national serviceman who served during the South African Border War David Mannall gives a vivid account of one of the fiercest mechanised battles of contemporary warfare in Africa which was fought in southeast Angola the Battle of the Lomba River on 3 October 1987 This was the battle which turned the deliberate onslaught of an overwhelming Angolan Cuban conventional coalition force at the height of the Cold War and sent the enemy reeling Our young national servicemen were warriors For dauntless service rendered by men such as 19 years old David Mannall one can only feel and express gratefulness Their combined best proved good enough Major General Retired Roland de Vries former commander of 61 Mechanised Battalion Group 1981 1982 and former deputy chief of the South African Army back cover

War of Intervention in Angola Adrien Fontanellaz,José Matos,Tom Cooper,2020-11-23 War of Intervention in Angola Volume 3 covers the air warfare during the II Angolan War fought 1975 1992 through narrating the emergence and operational history of the Angolan Air Force and Air Defence Force FAPA DAA as told by Angolan and Cuban sources Most accounts of this conflict better known in the West as the Border War or the Bush War as named by its South African participants tend to find the operations by the FAPA DAA barely worth mentioning A handful of published histories mention two of its MiG 21s claimed as shot down by Dassault Mirage F 1 interceptors of the South African Air Force SAAF in 1981 and 1982 and at least something about the activities of its MiG 23 interceptors during the battles of the 1987 1988 period On the contrary the story told by Angolan and Cuban sources not only reveals an entirely different image of the air war over Angola of the 1980s indeed it reveals to what degree this conflict was dictated by the availability or the lack of air power and shows that precisely this issue dictated the way that the commanders of the Cuban contingents deployed to the country whether as advisors or as combat troops planned and conducted their operations It is thus little surprising that the first contingent of Cuban troops deployed to Angola during Operation Carlota in late 1975 included a sizeable group of pilots and ground personnel who subsequently helped build up the FAPA DAA from virtually nothing They continued that work over the following 14 years sometimes in cooperation of Soviet advisors and others from East European countries eventually establishing an air force that by 1988 maintained what South African military intelligence and the media subsequently described as the most advanced air defense system in Africa Not only the air defense system in question but also the aircraft serving as its extended arms ultimately managed a unique feat in contemporary military history they enabled an air force equipped with Soviet made aircraft and trained along the Soviet doctrine to establish at least a semblance of aerial superiority over an air force equipped with Western made aircraft and

operating under a Western doctrine Based on extensive research with help of Angolan and Cuban sources the War of Intervention in Angola Volume 3 traces the military build up of the FAPA DAA in the period 1975 1992 its capabilities and its intentions Moreover it provides a unique blow by blow account of its combat operations and experiences The volume is illustrated with 100 rare photographs half a dozen maps and 15 color profiles thus providing a unique source of reference on this topic

20 Battles Evert Kleynhans, David Brock Katz, 2023-07-28 Favouring manoeuvre over attrition and often punching above their weight South African soldiers have become known for their tenacity dash and ability to defy the odds Their unique directive command style has also helped them to excel in defining battles and operations from the campaign in German South West Africa in 1915 to the cross border operations in Angola during the Border War In 20 Battles military historians Evert Kleynhans and David Brock Katz investigate the evolution of South Africa's armed forces over a century from 1913 to 2013 They track the evolution of the doctrine and structure of the defence force uncovering historical continuity and the lessons learned from past battles and operations What is clear is that when South African soldiers have the freedom to operate according to their manoeuvre doctrine as they had in East Africa in 1916 and southern Ethiopia in 1941 they can achieve stunning results But when hemmed in by rigid doctrine and a top down command style as at Delville Wood in 1916 and Tobruk in 1942 the results can be tragic 20 Battles combines both battlefield drama and crisp analysis and in the process provides a much needed perspective on the South African way of war

Historical Dictionary of Angola W. Martin James, 2018-03-01 Angola slowly recovering from a twenty seven year civil war is becoming a regional super power in southern Africa This rise can be attributed to oil diamonds a battle tested armed forces and a political system that is dominated by one party the Movimento Popular de Libertação de Angola the Popular Movement for the Liberation of Angola MPLA Problems remain to be solved The vast wealth is in the control of the elite while the vast majority of the people live on less than two dollars per day Corruption is rife the health and education system in shambles landmines remain a festering problem and the opposition is intimidated and split into various factions President Eduardo dos Santos who has ruled Angola for almost thirty eight years has opted not to run for re election in the August 2017 elections Instead his hand picked successor João Lourenço was elected president Interestingly dos Santos has not surrendered his presidency of the party This third edition of Historical Dictionary of Angola contains a chronology an introduction appendixes and an extensive bibliography The dictionary section has over 700 cross referenced entries on important personalities politics economy foreign relations religion and culture This book is an excellent resource for students researchers and anyone wanting to know more about Angola

The War for Africa Fred Bridgland, 2020-01-10 A gripping story of the Angolan Civil War and how it evolved into a Cold War struggle between superpowers New York Journal of Books Lasting over a quarter of a century from 1975 to 2002 the Angolan Civil War began as a power struggle between two former liberation movements the MPLA and UNITA but became a Cold War struggle with involvement from the Soviet Union Cuba South Africa and the United States

This book examines the height of the Cuban South African fighting in Angola in 1987 88 when three thousand South African soldiers and about eight thousand UNITA guerrilla fighters fought in alliance against the Cubans and the armed forces of the Marxist MPLA government a force of over fifty thousand men Fred Bridgland pieced together the course of the war fought in one of the world s most remote and wild terrains by interviewing the South Africans who fought it and many of their stories are woven into the narrative This classic account of a Cold War struggle and its momentous consequences for the participants and the continent now includes a new preface and epilogue Highlights just how much political and social considerations dictate the outcome of war A highly detailed work of military history The War for Africa can tell us a lot about the nature of counter insurgency warfare and how small states can become contested battlegrounds between superpowers

Jaster,1990 **Days of the Generals** Hilton Hamann,2001 An explosive behind the scenes story from the South African Generals themselves about covert operations strategic alliances and full scale war **Soviet Attitudes Towards Ballistic Missile Defence and the ABM Treaty** Jeanette Voas,Martin Navias,Philip A. G. Sabin,Robert S. Jaster,1990 **Ratels on the Lomba** Leopold Scholtz,2017-07-25

On 3 October 1987 Charlie Squadron the iron fist of 61 Mechanised Battalion Group led the way in a decisive battle on the Lomba River in southern Angola as part of the South African Defence Force s Operation Moduler Although SADF tactical doctrine dictated that the tanks of the Angolan 47 Brigade be countered with tanks the young conscripts of Charlie Squadron were forced to face their enemy in vastly inferior Ratels significantly handicapped by the vehicles thin armour and low velocity guns Not only were they facing a force far superior in terms of weaponry but they were also hugely outnumbered and had to deal with terrain so dense that their sight was severely impaired and their movement restricted Through interviews with veterans of the battle and diary entries from the time Leopold Scholtz recreates the drama of this David vs Goliath battle taking the reader straight to the heart of the action A deeply human story Ratels on the Lomba tells of how individuals react in the face of death and reveals how the war never left these men not even when they returned home

The Last Hot Battle of the Cold War Peter Polack,2020-01-10 A fascinating chronicle of the Cold War battle where US and Soviet weapons as well as Cuban and South African troops took part in the Angolan Civil War In the late 1980s as America prepared to claim its victory in the Cold War over the Soviet Union a bloody war still raged in Southern Africa where proxy forces from both sides vied for control of Angola The socialist Angolan government stocked with Soviet weapons had only to wipe out the resistance group UNITA secretly supplied by the United States in order to claim sovereignty But as Angolan forces gained the upper hand apartheid era South Africa stepped in to protect its own interests The white army crossing the border prompted the Angolans to call on their own foreign reinforcements the army of Communist Cuba Thus began the epic Battle of Cuito Cuanavale an odd match up of South African Boers against Castro s armed forces While South Africa was subject to an arms boycott since 1977 the Cuban and Angolan troops had the latest Soviet weapons But UNITA had its secret US supply line and the South Africans knew how to fight As a case study of ferocious fighting between East and West The Last Hot Battle of the Cold War unveils a remarkable episode in the endgame of the Cold War one that is largely unknown to the American public
