Betrayed:

The Betrayed Lisa T. Bergren, 2008-09-02 First time in paperback the second novel in the Gifted trilogy an exhilarating religious historical thriller Midwest Book Review In this epic trilogy in the tradition of *In the Name of the Rose* and *The Lord of the Rings* an illuminated letter long buried by the Church and prophesying a fellowship of men and women possessing powerful spiritual gifts is the catalyst for a profound war that will bring either a new age of enlightenment or a darkness the world has not seen As the Gifted gather and gain strength following God's clues their enemies grow more intent on controlling them Now their extraordinary mission continues

Development Betrayed Richard B Norgaard, 2006-05-18 Modernity promised control over nature through science material abundance through technology and effective government through rational social organization Instead of leading to this promised land it has brought us to the brink of environmental and cultural disaster Why has there been this gap between modernity's aspirations and its achievements *Development Betrayed* offers a powerful answer to this question Development with its unshakeable commitment to the idea of progress is rooted in modernism and has been betrayed by each of its major tenets Attempts to control nature have led to the brink of environmental catastrophe Western technologies have proved inappropriate for the needs of the South and governments are unable to respond effectively to the crises that have resulted Offering a thorough and lively critique of the ideas behind development Richard Norgaard also offers an alternative co evolutionary paradigm in which development is portrayed as a co evolution between cultural and ecological systems Rather than a future with all peoples merging to one best way of knowing and doing things he envisions a future of a patchwork quilt of cultures with real possibilities for harmony

Freedom Betrayed George H. Nash,2013-10-01 In his latest poetry collection Anis Mojgani goes into the persistent shadow of grief With an eloquent and delicate hand Mojgani skillfully navigates the intricate terrain of carrying grief without allowing it to become an overwhelming burden where joy and pain become interconnected threads in the intricate tapestry of life Renowned for his ability to conjure surreal imagery and lay bare his raw vulnerability Mojgani infuses each poem with a profound and unfiltered honesty In the Pockets of Small Gods serves as a vessel for the human experience Through Mojgani s masterful artistry readers embark on a journey that traverses the landscape of human emotion where grief intertwines with hope and where the echoes of loss are softened by the embrace of memory The collection stands as a testament to the remarkable capacity of poetry to articulate the nuanced complexities of existence guiding us through the intricacies of navigating our shared journey with both resilience and compassion The banners from the publisher are missing and need to be added The editorial reviews need to be reformatted as follows Anis Mojgani dazzling meteor poet and thinker follow him on this breathtaking deeply moving voyage across sky and space and loss but mostly stare into the lake with him long enough to feel how wonders renew every cell A crucial amazing collection from a stirring high voltage voice NAOMI SHIHAB NYE author of 19 Varieties of Gazelle Fuel I can see it like it was a film Anis Mojgani s rending new collection begins and suddenly we see it too cold black cherry cola through a straw blackbirds rustling ripe plums down from trees pizza shared between spouses who no longer cherish each other Mojgani maps a path from the death of a friend to the death of a marriage to the death of a country Here is a book that knows true grief knows too how to alchemize that grief into grace The cold the fire the losing yes But always then The spring And the spring The spring KAVEH AKBAR author of Calling A Wolf A Wolf

Humanism Betrayed Graham Good,2001 In Humanism Betrayed Graham Good offers a defence of liberal humanism against the illiberal trends political and intellectual that dominate today s university He uses the McEwen Report episode at the University of British Columbia to illustrate the current political climate in universities showing how due process was neglected in favour of ideological inquisition The intellectual trends Good discusses include what he calls the New Sectarianism which rejects individuality in favour of collective identities based on race gender and sexual preference Presentism which rejects the notion of history as a continuous narrative in favour of

seeing the past as interpretable in any way that suits the political interests of the present and a Hermeneutic of suspicion in which literary texts are seen as masks for discreditable political motives Good demonstrates that these trends culminate in the prison like Acarceral vision of Michel Foucault and his followers the view that culture is ideology and that culture does not free humans but incarcerates them Good contrasts this view with the liberal vision of culture and society represented by Northrop Frye concluding with an analysis of the relationship between anti humanist theory among academics and the managerial practices of university administrations which he argues neglect or reject basic humanistic values such as free individuality aesthetic greatness and autonomous inquiry
