Banking Sector Reforms In India And Performance Evaluation:

Banking Sector Reforms in India and Performance Evaluation of Commercial Banks Debaprosanna Nandy, 2010-07-29 The Committee on Financial System CFS popularly known as Narasimham Committee was set up in 1991 to make recommendations for bringing about the necessary reforms in the financial sector Narasimham Committee appraised and acknowledged the success and progress of Indian banks since the major banks were nationalized on 19 July 1969 Unfortunately the developments were witnessed only in the field of expansion and spread of bank branches generation of huge employment and mobilization of savings rather than also in improvement in efficiency Besides corruption fraud misutilization in public money outdated technology and politicization in policy making were found to be major drawbacks in the real progress of the banks As the banking sector plays an important and crucial role in the economy of a country for its stabilization and balanced growth major reforms were urgently needed after 22 years of nationalization to revive Indian banks This was not only in the field of profitability but also in the overall efficiency viz better management of non performing assets NPAs satisfying capital requirements increased cost effectiveness and control enhanced customer service improved technology establishing competitive interest rate effective man power planning introduction of asset liability management better productivity launching new products and becoming more competent to face the upcoming challenges and competition from foreign as well as private sector banks in the era of globalization and liberalization The objectives of the study are to examine the need and relevance of reforms in Indian banks to assess the efficiency and profitability of Indian banks during reforms from different perspectives to discuss various issues of NPA management in the light of reforms to measure the performance of the banks of West Bengal during the reforms to analyse the role of information technology and its relevancy in Indian banks in the era of reforms and to impart necessary suggestions for the improvement of the efficiency and profitability of Indian banks

Banking System in India S. M. Jawed Akhtar, Md. Shabbir Alam, 2011 Prior to economic reforms initiated in early 1990s the banking sector in India suffered from lack of competition low capital base inefficiency and high intermediation costs The banking industry dominated by the public sector was subject to a high degree of financial repression characterized by administered interest rates and allocated credit Reforms in India s commercial banking sector had two distinct phases The first phase of reforms focused mainly on enabling and strengthening measures The second phase of reforms placed greater emphasis on structural measures and improvement in standards of disclosure and levels of transparency in order to align India s standards with international best practices Reforms have brought about considerable improvements as reflected in various parameters relating to capital adequacy asset quality profitability and operational efficiency Although commercial banks still face the problem of overhang of non performing assets high spread and low profitability in comparison with banks in other emerging market economies India s reforms which are examined in this book have been successful in enhancing the performance of commercial banks in terms of both stability and efficiency parameters
