---

## Part 66 Basic Experience Requirements

### **General:**

This document has been developed by Icelandic Civil Aviation Administration to assist applicant to comply with Commission regulation (EC) No 2042/2003 by record his/her basic practical maintenance experience.

### **Objective:**

Before applying for initial Part-66 aircraft maintenance licence (AML) or additional category or sub-categories to existent licence applicant shall have acquired basic practical maintenance experience in relevant category or sub-categories.

The practical experience shall involve a representative cross section of maintenance tasks on aircraft. Applicant shall have gained a detailed knowledge of the practical aspects and capacity to combine and apply the separate elements of knowledge in a logical and comprehensive manner. The applicant should be able to:

- Read and understand manufacturer instructions
- Use tools and equipment as required in manufacturer instructions
- Use and have knowledge of various material, both raw and consumable, and standard parts
- Use his knowledge in a practical manner and use manufacturer instructions
- Interpret results from various sources and measurements and apply corrective action where appropriate
- Demonstrate knowledge of good maintenance standards and human factor limitation.

This document is based on ATA 100 specification principle as a way for applicant to demonstrate how he/she satisfy these requirements.

### **Responsibility:**

It is the responsibility of the applicant to document correctly his/her practical maintenance experience. Each task shall be supervised and signed by qualified certifying or support staff.
