

MVP Offseason Workouts - Basketball #1

Time	Activity	Notes
0-5 min 5 minutes	Warm up -Jog around the block for five minutes or run in place	-Start as slow as walking and gradually speed up to allow the body to warm up
6-15 min 10 minutes	Dribbling drills -Cross over, behind the back, spin, between the legs, hesitate w/ step back and cross over -6 of each, with each hand	-Change direction with purpose as if blowing by a defender or "breaking ankles" -Run a zigzag course about 10 feet wide and as long as it takes to make 3 change of directions on each side. Set up cones to indicate locations for changes in direction.
16-20 min 5 minutes	Speed/Explosion -15 Drop and jump	-Focus on spending as little time on the ground as possible from the drop
21-25 min 5 minutes	Rebounding Backboard toss: -10 defensive, 5 on the left and 5 on the right -10 offensive, 5 on the left and 5 on the right	-Defensive rebounding: keep ball up by chin with elbows out to protect the ball from defenders -Offensive rebounding: do not let the ball drop down to your waist when you bring down the rebound, it makes it easier for defenders to slap the ball away
25-36 min 10 minutes	Post moves -20 drop steps from each side of hoop *Water break*	-Focus on footwork, especially if you have never done the move before. Perfect the components of the move before going full speed. -Do 10 to the baseline and 10 to the middle on each side of the hoop.
36-40 min 5 minutes	Speed/Explosion -6 Drop and sprint forward, left, and right	-Alternate your takeoff foot, start the sprint with the left foot on half and the right foot on half

Basketball Training Program

Joseph Correa

Basketball Training Program:

Strength Training for Basketball Javair Gillett, Bill Burgos, National Strength and Conditioning Association, 2020 Strength Training for Basketball will help you create a basketball specific resistance training program to help athletes at each position guard forward or center develop strength and successfully transfer that strength to the basketball court Designing Resistance Training Programs Steven J. Fleck, William J. Kraemer, 2014-03-17 Designing Resistance Training Programs Fourth Edition is a guide to developing individualized training programs for both serious athletes and fitness enthusiasts In this updated and expanded fourth edition two of the world's leading experts on strength training explore how to design scientifically based resistance training programs modify and adapt programs to meet the needs of special populations and apply the elements of program design in the real world Fleck and Kraemer provide readers with a thorough understanding of the process of designing resistance training programs from both scientific and practical perspectives As with previous editions the fourth edition includes comprehensive tables that compare data and conclusions from research on core topics related to design of resistance training programs By summarizing research and content for the reader these tables offer a study guide on the job reference or starting point for further research Designing Resistance Training Programs Fourth Edition is the only resource available that presents the body of research in the field in this organized and comprehensive format The fourth edition has been thoroughly revised to present the most current information while retaining the studies that are the basis for concepts guidelines and applications in resistance training Meticulously updated and heavily referenced the fourth edition contains the following updates A full color interior provides stronger visual appeal for the text Sidebars focus on a specific practical question or an applied research concept allowing readers to connect research to real life situations Multiple detailed tables summarize research from the text offering an easy way to compare data and conclusions A glossary makes it simple to find key terms in one convenient location Newly added instructor ancillaries make the fourth edition a true learning resource for the classroom Designing Resistance Training Programs Fourth Edition begins by outlining the principles of resistance training and exercise prescription and examines the various types of strength training including isometrics and eccentric training This is followed by a discussion of resistance training from a physiological perspective and an overview of how resistance training programs interact with the other conditioning components such as aerobic interval plyometric and flexibility training Readers will then explore advanced training techniques how to manipulate training variables in a long term resistance training program and ways to plan rest into long term training that minimizes losses in fitness or performance gains An important text for students researchers and practitioners this textbook offers the information and tools to help readers evaluate resistance training programs and better understand the context and efficacy of new data findings in this ever changing field Designing Resistance Training Programs Fourth Edition is an essential resource for understanding the science behind resistance training and designing evidence based resistance training programs for any

population This text provides the tools for understanding and designing resistance training programs for almost any situation or need

The High School Athlete: Basketball Michael Volkmar, 2019-12-10 Get fit for basketball season A specialized fitness program and workout collection for young athletes Developed by best selling fitness author and strength and conditioning expert Mike Volkmar The High School Athlete Basketball is the essential program for any student who wants to train and play basketball in high school The second book in The High School Athlete series this unique program features training fundamentals for different levels of player development from pre freshman all the way to varsity level getting ready to play in college With over 100 workouts The High School Athlete Basketball also contains information geared towards a young athlete's goals and includes information on player development motivation and nutrition

The Hectic Hundreds Glenn Payne, 2012-12-15 The Hectic Hundreds Basketball Strength Program is a workout routine that will train the basketball muscles of your body The workouts used are based on basic basketball drills and is designed for all ages The routine requires minimal equipment and can also be used as a great workout for anyone

The Complete Strength Training Workout Program for Basketball Joseph Correa (Professional Athlete and Coach), 2015-11-11 The Complete Strength Training Workout Program for Basketball Develop more flexibility power speed agility and resistance through strength training and proper nutrition This training workout program will change how you look and how you feel If you follow the program you should see great results fast Both a NORMAL and an INTENSE version of this training program are included to make sure you are challenged enough to make a significant change to your body The recipes included are specific to each time of the day but you can and should add a meal here and there depending on what your body needs This training program comes with a warm session and exercise routine so make sure you don't skip the first to stay injury free to be able to complete the program Additionally this training program solves the eating dilemma by giving many options in terms of nutrition It comes with delicious breakfast lunch dinner and dessert recipes so you can satisfy hunger and still eat healthy An entire chapter in this book is dedicated to muscle shake recipes to help you fully absorb as much protein as possible in a healthy way but make sure to drink plenty of water to help your body digest all this protein adequately Anyone can get fitter leaner and stronger it just takes discipline and a great training program to get you exercising and eating right People who begin this training plan will see the following Increased muscle growth Enhanced strength mobility and muscle reaction Better capacity to train for long periods of time Lower muscle fatigue Faster recovery times after competing or training Increased energy throughout the day More confidence in yourself A better attitude towards exercise and nutrition

Complete Conditioning for Basketball National Basketball Conditioning Coaches Association, 2007 This is a complete guide to performance factors training direction and workouts The text provides solid background information and guidance while the accompanying DVD offers clear visual demonstrations of tests and drills

The Unstoppable Basketball Player Joseph Correa (Professional Athlete and Coach), 2016-01-24 The Unstoppable Basketball Player The Workout Program That Uses Cross Fit Training and

Simple Nutrition to Increase Your Basketball Potential This book will help you develop faster and stronger muscles in a short period of time Three different intensity levels are provided in the form of calendars NORMAL ALTERNATE NORMAL and LIGHT Each one has a varied difficulty level so that you can start with one plan and then decide if it s too hard or too easy and move to one of the other versions of this cross fit training program This book will help you to have Accelerated muscle growth Enhanced strength mobility and muscle reaction Increased capacity to train for long periods of time Faster increase of lean muscle mass Reduced muscle fatigue Quicker recovery times after competing or training More energy throughout the day More confidence in yourself and what you are trying to achieve A better attitude towards exercise and nutrition This cross fit program includes several meal plans in the form of recipes specific to each meal of the day but you can adapt them to your particular situation They are all high in protein and easy to prepare so that you can see fast results in the least amount of time This training program comes with a warm up routine and exercise program Make sure you complete the warm up exercises to prevent injuries and be able to continue the training program without interruptions One Show Interactive, Volume XI , **Physiological Aspects of Sport Training and Performance** Jay Hoffman,2002 This new in depth sport physiology reference provides a strong introduction to the physiological principles underlying sport training and performance Plus it delivers the best guidance available on applying the principles to athletes who are training to improve sport performance Physiological Aspects of Sport Training and Performanceis an excellent resource for students and professionals in sports medicine and sport physiology The book thoroughly explores the practical and applied aspects of exercise prescription and includes specific advice on the conditioning and performance of athletes Physiological Aspects of Sport Training and Performancealso explains how various components of sport and performance are measured Dr Jay Hoffman has worked extensively with athletes and coaches throughout his professional career Focusing on training factors and how various conditions and situations affect sport performance he provides an in depth review of all physiological components of an athlete s training program Physiological Aspects of Sport Training and Performancecovers a broad range of topics Physiological adaptations to exercise Exercise training principles and prescription Nutrition fluid regulation and ergogenic aids Environmental factors Medical and health conditions The information is presented in an attractive reader friendly format that makes learning easy Key terms appear in bold print chapters are packed with supporting figures and numerous tables bring life to standardized performance data and specific athletic profiles such as strength measures for collegiate football players Physiological Aspects of Sport Training and Performancewill quickly become your primary reference book It provides all the answers you need to successfully prescribe exercise for a wide variety of athletes

INTERNATIONAL SCIENTIFIC CONFERENCE “EDUCATION, SPORT AND HEALTH” ,2025-01-01 Under Aegis of the F D RATION INTERNATIONALE D DUCATION PHYSIQUE ET SPORTIVE 18th INTERNATIONAL SCIENTIFIC CONFERENCE EDUCATION SPORT AND HEALTH Bucharest May 30st 2025 B180 Basketball Fundamental Skills Program David

Smith,2018-01-19 B180 Basketball Fundamental Skills Program is a basketball training program that can be used by coaches and personal trainers for training youths student athletes amateur and professional basketball players **Complete Conditioning for Basketball** Greg Brittenham,1995 Features exercises drills and training programs designed to enhance athletic abilities speed power endurance agility coordination balance and reaction time Illus *The Ultimate Guide to Weight Training for Basketball* Rob Price,2014-05-14 The Ultimate Guide to Weight Training for Basketball is the most comprehensive and up to date basketball specific training guide in the world today It contains descriptions and photographs of nearly 100 of the most effective weight training flexibility and abdominal exercises used by athletes worldwide This book features year round basketball specific weight training programs guaranteed to improve your performance and get you results No other basketball book to date has been so well designed so easy to use and so committed to weight training This book will have players increasing strength power agility and overall quickness on the court leading to an increase in rebounds steals blocked shots and overall defensive efficiency You will build the strength and power needed to dominate the post and under the basket and you will build the stamina and endurance needed to go strong until the final whistle Both beginners and advanced athletes and weight trainers can follow this book and utilize its programs From recreational to professional thousands of athletes all over the world are already benefiting from this book and its techniques and now you can too Exercise and Sport Science William E. Garrett,Donald T. Basketball William H. Dunn, Ernst H. Soudek, Joe Gieck, 1984 Discusses training equipment mental preparation and nutrition and outlines a weight training program that improves flexibility strength conditioning and jumping ability *University of Alabama Summer School* University of Alabama. Summer School, 1927 [The Next Generation of Basketball Training](#) Joseph Correa, 2015-10-26 The Next Generation of Basketball Training The Cross Fit Conditioning Program That Will Make You a Better Basketball Player This training book will change how you perform and your future potential to keep improving Three different intensity levels are provided in the form of calendars BASIC INTERMEDIATE and INTENSE Each one has a varied difficulty level so that you can start with one plan and then decide if it s too hard or too easy and move to one of the other versions of this crossfit training program This training program includes delicious lean protein breakfast lunch dinner bar and shake recipes so you can satisfy hunger and still eat healthy

DS Performance Strength & Conditioning Training Program for Basketball, Strength, Amateur D. F. J. Smith, 2016-12-02 A 12 week strength conditioning training program for Basketball focusing on strength development for an amateur level DS Performance have created an exclusive series of sport specific strength conditioning training programmes that have underpinning evidence based training methods which have been put in place to improve your performance for all ages and abilities All programmes have been designed to develop each specific performance variable through the progression of intensity and volume Along with your training program this book contains a supporting guide to mobility training This guide uses myofascial release static stretching and activation work to mobilise the major body parts used in training It has been put in place to increase your mobility it can also be used to support your warm ups and cool downs To aid your training we also included a series of tables to create your lifting percentages These tables will help you work out your working percentages from 40% 95% The tables are broken down into 5% loads all in kilograms ranging from 10kg 300kg All programmes by DS Performance are 12 weeks in duration we recommend that you do two six week training blocks with a de loading week between the two training blocks This will allow the body to recover prepare you for the second training phase and reduce any risk of injury While in Basketball no two players are exactly alike in size shape or skill level players must always improve their on court performance by developing key physical attributes Because becoming a great basketball player is so much more than just refining the skills that are on display on the court they need to develop speed power agility and strength for improved performance This is why our programmes have been designed to develop the key physical attributes for Basketball Covering the essential physical aspects to Basketball is just as important as putting the time in on the court Choose your current training level Amateur Intermediate and Advanced for the variable you would like to train and progress your way up to Advanced to really improve your performance The three levels Amateur Intermediate and Advanced represents more your current training age experience and skill level Because weight training and other training methods have a completely different set of skills required when lifting and training correctly compared to your sport DS Performance training programmes are written to run alongside a skill sport

specific based training plan DS Performance programmes provide sessions for 3 days of training a week to alternate between your skill sport specific training sessions DS Performance has selected five of the most important physical performance variables attributes for each of the sports that are essential in developing your performance DS Performance strength conditioning training programmes have been written for 20 of the most popular sports globally the sports selected have a wide range of physical attributes and together we have targeted the primary performance variables to develop them for increases in your personal performance DS Performance has been developed to bring elite training methods to everyone from all levels of sporting ability The mission of DS Performance is to make training programmes utilised by professional athletes available to all sporting enthusiasts and performers DS Performance are providing you with training programmes designed by ex Team GB athletes and coaching staff that have the practical and applied experience through a wide range of individual and team based sports Combined with the vast experience an International athlete has on training and peak performance who also are qualified to a minimum of Post Graduate level in the form of Masters Degrees in Sport Science Strength Conditioning Training for Social Expression Philip Louis Seman,1929
