**Beat The Forex Dealer An Insiders Look Into Trading Todays Foreign Exchange Market Wiley Trading By Silvani Agustin 2008 Hardcover:**

**Beat the Forex Dealer** Agustin Silvani, 2009-08-07 The foreign exchange market is often referred to as the Slaughterhouse where novice traders go to get chopped up. It is one of egos and money where millions of dollars are won and lost every day and phones are routinely thrown across hectic trading desks. This palpable excitement has led to the explosion of the retail FX market which has unfortunately spawned a new breed of authors and gurus more than happy to provide misleading and often downright fraudulent information by promising traders riches while making forex trading easy. Well, I'll let you in on a little secret: there is nothing easy about trading currencies. If you don't believe me, then stop by Warren Buffett's office and ask him how he could lose 850m betting on the dollar, or ask George Soros why his short yen bets cost him 600m not once but twice in 1994. What's wrong with these guys? Don't they read FX books? In reality, the average client's trading approach combined with the unscrupulous practices of some brokers make spot FX trading more akin to the games found on the Vegas strip than to anything seen on Wall St. The FX market is littered with the remains of day traders and genius systems, and to survive in the long run, traders have to realize that they are playing a game where the cards are clearly stacked against them. Have you ever had your stop hit at a price that turned out to be the low high for the day? Bad luck, perhaps. Maybe. What if it happens more than once? Do you ever feel like the market is out to get you? Well, guess what: in this Zero Sum game, it absolutely is. Covering the day-to-day mechanics of the FX market and the unsavoury dealings going on, **Beat the Forex Dealer** offers traders the market-proven trading techniques needed to side-step dealer traps and develop winning trading methods. Learn from an industry insider the truth behind dirty dealer practices, including stop hunting, price shading, trading against clients, and no-dealing desk realities. Detailing the dealer-inspired trading techniques developed by MIGFX Inc, consistently ranked among the world's leading currency trading firms, the book helps turn average traders into winning traders and in a market with a 90% loss rate, winning traders are in fact quite rare. More than just a simple manual, **Beat the Forex Dealer** brings to life the excitement of the FX market by delivering insights into some of the greatest trading triumphs and highlighting legendary disasters, all written in an easy-to-read style. Make no mistake about it: there is a lot of money to be made in currency trading; you just have to know where to look. Sidestepping simple dealer traps is one way of improving your daily P&L, but it is surely not the only one. Successful trading comes down to taking care of the details, which means skipping the theoretical stuff and providing only up-to-date real-life examples while sharing the FX trading tips that have proved so profitable over the years. By stripping away the theory and getting down to the core of trading, you too will find yourself on the way to beating the forex dealer.

**The Art of Currency Trading** Brent Donnelly, 2019-06-05 Now you can master the art of foreign exchange trading. While most currency trading and foreign exchange books focus on international finance theory or simplistic chart-based strategies, **The Art of Currency Trading** is a comprehensive guide that will teach you

how to profitably trade currencies in the real world Author Brent Donnelly has been a successful interbank FX trader for more than 20 years and in this book he shares the specific strategies and tactics he has used to profit in the forex marketplace The book helps investors understand and master foreign exchange trading in order to achieve sustainable long term financial success The book builds in intensity and depth one topic at a time starting with the basics and moving on to intermediate then advanced setups and strategies Whether you are new to currency trading or have years of experience The Art of Currency Trading provides the information you need to learn to trade like an expert This much needed guide provides an insider's view of what drives currency price movements a clear explanation of how to combine macro fundamentals technical analysis behavioral finance and diligent risk management to trade successfully specific techniques and setups you can use to make money trading foreign exchange and steps you can take to better understand yourself and improve your trading psychology and discipline Written for currency traders of all skill levels international stock and bond investors corporate treasurers commodity traders and asset managers The Art of Currency Trading offers a comprehensive guide to foreign exchange trading written by a noted expert in the field

**Insider's Guide To Forex Trading** William Norfolk,2021 In any business or moneymaking venture preparation and foreknowledge are the keys to success Without this sort of insight the attempt to make a profitable financial decision can only end in disaster and failure regardless of your level of motivation and determination or the amount of money you plan to invest In the stock market this rule applies to the nth degree as you are investing your own money in what could be considered a high risk wager and you are playing with fire if you do not have at least a general background knowledge of how it functions Since having a background in any area is helpful in guiding you down a path in that particular region the more solid your basis of investment knowledge is the more likely you are to profit from any attempt to trade on the open market In many ways trading on the stock market can be compared to driving you do not have to be an expert to get behind the wheel of a car though you are expected to have some previous knowledge about basic traffic laws including moving violations safety regulations and other legal vehicular infractions which are learned through either specific study and coursework or even through some form of simple exposure such as the years you have spent riding with your parents and others who have driven for years You should be able to comprehend the basic tools used to navigate a car where the brake pedal is located versus the gas and how to use the rearview mirror for example even if you have never touched a steering wheel

*The Forex Trading Course* Abe Cofnas,2015-06-18 EXPERT DEPENDABLE FOREX COACHING UPDATED TO KEEP YOU AHEAD IN AN EVOLVING MARKET The Forex Trading Course is the systematic guide aspiring traders need to enter the market with the confidence and skills necessary to generate wealth Masterfully written so both basic and complex concepts are readily accessible this all inclusive training tool outlines a practical course of action to develop strategies integrating fundamental and technical analysis It also demonstrates how to identify high probability patterns and trades adjust your trading plan for different account sizes use emotional intelligence to improve trading performance and much more This second edition is fully revised to address Changes brought about by quantitative easing and central bank intervention including greater spikes and

disruptions in the forex and the influence of global growth and inflation on the market Using binary options with forex trades to make accurate predictions on direction targets and stops Social media trading and how to navigate herding behavior and swarming patterns The latest insights and trends in cryptocurrencies such as Bitcoin Complete with practice assignments to reinforce the material and a supplemental website to enhance your knowledge The Forex Trading Course Second Edition unlocks your optimal potential for profitable currency trading
