Eyewitness Textures Michael Lithgow,Michèle Martin,2024-01-15 News coverage today is an emerging collaboration between the general public and professional journalists News consumers have come to expect and demand the unprecedented immediacy of experience and coverage of breaking news offered by photographs video clips audio recordings tweets commentary content created by ordinary citizens The use of user generated content is a salient aspect of how journalists and news organizations are responding to technological changes in the twenty first century Eyewitness Textures examines the far reaching changes in journalism spurred by the growing importance of user generated content Bringing together the voices and experiences of professional journalists and academic researchers from across five continents this collection explores news production practices changing skills among editors and journalists and corporate and newsroom restructuring Chapters by practitioners collectively reflect the newsroom experiences of major global media organizations while the academic contributions address issues of industrial transformation political influence truth and verification aesthetics and ideological implications Both

perspectives combine to deepen our understanding of what constitutes the conditions and creation of good journalism as well as the implications of how the profession should be taught to future journalists Tracing recent shifts in journalism practice around the world Eyewitness Textures examines the creative adaptation and strategies of journalists and news organizations in the face of transformative technological change **User Generated Branding** Christoph Burmann,Ulrike Arnhold,2008

In the digital world of the participatory web millions of common people have started publishing own brand related content Such amateur pieces ignore official marketing campaigns and are generated by brand fans and opponents alike Given the increasing speed and reach of the internet those grassroots messages may have sweeping effects on the brand image This book represents a first comprehensive study fully dedicated to the emerging phenomenon of brand related user generated content It explores its patterns and shows how brand managers may benefit from it via user generated branding campaigns

Halliwell's Film, Video & DVD Guide ,2007 The Motion Picture Guide Jay Robert Nash,Stanley Ralph Ross,1985
