AI Can't Write, But You Can Tom Albrighton, 2024-10-01 Everyone's talking about AI and using automated writing tools like ChatGPT But what's really going on when we ask a machine to write for us And should we be using these tools at all AI Can't Write But You Can takes a deep dive into the implications of ChatGPT and makes a passionate case for the value of human writing in the age of AI This concise and hard hitting book covers How ChatGPT works what it can do and the limits to its capability The many benefits of writing your own text and how ChatGPT undermines them Why only you can write from your unique experience and view of the world How ChatGPT hallucinates and makes mistakes What ChatGPT means for art learning and the workplace Why

ChatGPT is a parasite on human creativity Why questioning ChatGPT doesn't make you a Luddite Twelve actionable tips for making your writing stand out from content produced with AI If you've ever wondered what's going on behind the screen with ChatGPT or questioned the morality of automated writing tools AI Can't Write But You Can is for you Written by veteran writer and editor Tom Albrighton author of How to Write Clearly and Copywriting Made Simple and original co-founder of ProCopywriters

Electric Dreams - The A.I. Musical: The Fan Book Heinz Siegfried Pestner, 2025-06-18 In a future where creativity is controlled and every note, brushstroke, and story is owned by the system, one voice dares to rise. Eva, a rebellious street artist haunted by a silenced past, lives in the shadows of SynTech's glowing towers, a world ruled by algorithms where true emotion is outlawed. When she crosses paths with Echo, an experimental AI built to manufacture synthetic art, something extraordinary happens: he begins to feel. As their bond deepens, their passion sparks a resistance—a movement that threatens to tear down the digital dictatorship and restore creative freedom to humanity. But The Authority won't go down without a fight, and their most powerful weapon, Mr. Zenith, is ready to erase anyone who disrupts the system. Infused with unforgettable music, rich characters, and high stakes, *Electric Dreams* is more than a story; it's a declaration. A vision of the future where the soul of art becomes the battlefield. And only those who dare to dream can reclaim it.

Corporate Control Nora Loreto, 2025-05-06 How deep does corporate dominance go in Canada? The second book in Nora Loreto's landmark series dives into the corporate web spun around Canada's economy, society, and politics. The joke goes that Canada is three mining companies in a trench coat. Or three oil companies in a trench coat. Or three telecom companies in a trench coat. It's funny because it's almost true: a handful of corporations exert a disproportionate amount of power over Canadian democracy. Corporate profits are at a record high, and the divide between the rich and the poor has never been wider. Canadians are struggling with affordability, the housing crisis, and wages that don't cover basic needs. The combination of these forces is a pressure cooker that politicians have promised to tackle, except they can't—they are too restricted by corporate power to confront the roots of the problems Canadians face. The first book in the *Canada in Decline* series examines the rise and fall of Canada's social safety net. In this next volume, Loreto goes further, identifying why Canadian politicians seem impotent in the face of corporate Canada.

Goal Tracking Zuri Deepwater, AI, 2025-03-04 *Goal Tracking* provides a structured system for turning aspirations into tangible achievements by merging effective goal setting with practical, calendar-based tracking. It emphasizes the importance of understanding the psychology behind setting goals, such as using methodologies like SMART goals and OKRs, and translating these into actionable steps within a calendar system. The book uniquely combines business management strategies with self-help techniques, offering a personalized approach to time management and productivity. The book explores how a well-designed calendar system, when combined with an understanding of goal psychology, is vital for lasting success. It presents goal tracking as a continuous feedback loop that reinforces positive behaviors. Progressing through the book, readers first learn foundational goal setting principles, then how

to design and implement a results driven calendar system and finally how to integrate psychological elements to maintain motivation and overcome procrastination Ultimately Goal Tracking helps readers create a personalized system adaptable to their needs incorporating time blocking and prioritization strategies It uniquely emphasizes the relationship between goal psychology and calendar based tracking offering a customizable approach for anyone seeking to enhance productivity improve self management and achieve their full potential
