Composing Research, Communicating Results Kurt Lindemann, 2025-08-14. Offers practical guidance on writing communication research papers in an evolving academic landscape. Writing remains central to student assessment and professional development, yet many students enter communication classes without the skills needed to craft effective scholarly work. *Composing Research, Communicating Results: Writing the Communication Research Paper* is a comprehensive practice-based guide to academic writing in communication and related social sciences. Walking students through every stage of the writing process, from brainstorming and outlining to constructing sentences and presenting their final papers, Kurt Lindemann demystifies writing through clear explanations, practical exercises, and real student examples. With the rapid emergence of AI writing tools, students need more than tips; they need ethical frameworks and critical strategies for integrating these technologies into their work. This edition addresses these needs head-on, providing real-world advice on maintaining academic integrity when using AI in the writing process. Expanded content also includes a new chapter on incorporating feedback into revisions and enhanced discussions on inclusive language, citation practices, and diversity in source selection. Applying writing principles specifically to communication-focused assignments such as literature reviews and application papers. *Composing Research, Communicating Results* Offers the most comprehensive treatment available of
