CONTRACTOR PRE-QUALIFICATION VERIFICATION FORM

NOTE TO CONTRACTORS

The Contra Costa County Land Reclamation Corporation (CCLRC) recognizes the importance of craftsmanship and quality materials in the performance of work. The emphasis requires a certain level of skill and experience on the part of the Contractor. Consequently, the CCLRC has established a pre-qualification procedure for Contractors, and has developed and maintains a list of pre-qualified Contractors in the respective trades. Contracts for work are awarded only to pre-qualified Contractors.

INSTRUCTIONS

In order to pre-qualify, the Contractor must:

- a) Complete the Contractor's Qualification questionnaire and submit to the CCLRC.
- b) Agree to provide equal employment opportunities, as evidenced by Contractor's signature on the Equal Opportunity Employment statement, part of the Qualification form; and agree to hire employees who may have been barred from an employment relationship.
- c) Agree to warrant all work performed under the Remediation Program contracts, as evidenced by Contractor's signature on the Contractor Warranty, part of the Qualification form.
- d) Submit or have agent submit a Certificate of insurance, confirming the insurance required by the program.
- e) Submit a completed W-9 Tax form (optional).
- f) Provide proof of certification to perform equal-based joint activities (if required).
- g) Submit copy of Worker's Compensation Certificate.

If, in the opinion of the CCLRC, the contractor meets the program's standards for qualified contractors, the Contractor's name will be placed on list of Qualified Contractors, according to trade or specialty.

The CCLRC reserves the right to require additional information, including a financial statement from contractors, as a condition prerequisite to pre-qualification.

Thank you in advance for your cooperation.

The Contra Costa County Land Reclamation/Recreation Staff

Registration is valid for the calendar year ending January 31, of any year thereafter, including other Contractors December 31st of same year.

Contractor Pre Qualification Verification Form:

Alternative Clauses to Standard Construction Contracts Nick Jones, S. Gregory Joy, Eugene J. Heady, 2009-01-01 In recent years there have been many changes to the construction industry's standard form contracts including the American Institute of Architects AIA and Engineer Joint Contract Documents Committee EJCDC documents. Additionally, a new family of contract documents known as ConsensusDOCS was created by agreement among various construction contractor, subcontractor, owner, and surety trade associations. **Alternative Clauses to Standard Construction Contracts Third Edition** provides instant access to amendments to AIA, AGC, EJCDC, and ConsensusDOCS for owners, architects, and contractors. This unique resource covers all major documents in use throughout the construction industry and enables you to compare between the different documents. It delivers practice-proven amendments clause by clause. It tells you specifically what to insert and delete in order to reach the ends your client desires. And it goes so deep it even covers contractors' amendments for agreements with subcontractors. While it is absolutely essential to stay current with these standard agreements, it is imperative that everyone involved in negotiating and drafting construction contracts also have access to practice-proven modifications that strengthen the language on behalf of clients. If the other parties to your agreement have access to this book and you don't, you're placed at a significant disadvantage every step of the way. Let the experts from Smith Currie Hancock provide you with invaluable support when negotiating or drafting construction contracts. **American Highways**, 1923 **The Massachusetts register**, 1991-11-22 "Code of Massachusetts regulations, 1987", 1987 Archival snapshot of entire looseleaf Code of Massachusetts Regulations held by the Social Law Library of Massachusetts as of January 2020 **"Code of Massachusetts regulations, 1988"**, 1988 Archival snapshot of entire looseleaf Code of Massachusetts Regulations held by the Social Law Library of Massachusetts as of January 2020 "Code of Massachusetts regulations, 1991", 1991 Archival snapshot of entire looseleaf Code of Massachusetts Regulations held by the Social Law Library of Massachusetts as of January 2020 "Code of Massachusetts regulations, 1990", 1990 Archival snapshot of entire looseleaf Code of Massachusetts Regulations held by the Social Law Library of Massachusetts as of January 2020 **"Code of Massachusetts regulations, 1989"**, 1989 Archival snapshot of entire looseleaf Code of Massachusetts Regulations held by the Social Law Library of Massachusetts as of January 2020 **Technical Manual for Design and Construction of Road Tunnels--civil Elements**, 2010 The increased use of underground space for transportation systems and the increasing complexity and constraints of constructing and maintaining above ground transportation infrastructure have prompted the need to develop this technical manual.
