EBOOK: Corporate Finance Foundations - Global edition Stanley Block, Geoffrey Hirt, Bartley Danielsen, 2014-03-16

This Global Edition has been developed specifically to meet the needs of international finance students. It continues to offer substantial coverage of the recession and liquidity crisis that engulfed the global economies in the last few years and pays special attention to the banking sector and the critical need for funding that most businesses face. The emphasis on analytical approaches to international financial problems is intended to make the content more relevant and improve learning outcomes for the international student. Corporate Finance Foundations' thorough treatment of concepts and application combines with a complete digital solution to help your students achieve higher outcomes in the course. Problem Solving and Uncertainty Modeling through Optimization and Soft Computing Applications Saxena, Pratiksha, Singh, Dipti, Pant, Millie, 2016-03-01

Optimization techniques have developed into a modern day solution for real world problems in various industries. As a way to improve performance and handle issues of uncertainty, optimization research becomes a topic of special interest across disciplines. Problem Solving and Uncertainty Modeling through Optimization and Soft Computing Applications presents the latest research trends and developments in the area of applied optimization methodologies and soft computing techniques for solving complex problems. Taking a multi-disciplinary approach, this critical publication is an essential reference source for engineers, managers, researchers, and post graduate students. **Introduction to Corporate Finance: Asia-Pacific Edition with Online Stud Y Tools 12 Months** John R. Graham, Scott B. Smart, Christopher Adam, Brindha

Gunasingham, 2016-08-09. Introduction to Corporate Finance offers a dynamic, modern and practical approach that illustrates how financial management really works. It features up-to-date content including the impact of the Global Financial Crisis and capital budgeting. Introduction to Corporate Finance is distinguished by the cash flow arc of the narrative which gives a practical learning path and the use of real options which is a practical analysis tool that is used in corporate finance. Students are thus provided with the most engaging and contemporary learning path of any Australian text, giving them realistic preparation for a career in finance. The strong five-part framework of the book is supported by integrated online elements and easy-to-read text. *Student Problem Manual for Use with Ross/Westerfield/Jaffe Corporate Finance, Second Edition* R.
