AI-Augmented Content Creator HEBooks, AI Augmented Content Creator Struggling to stay consistent creative and sane in the content grind This book gives you the AI powered strategies top creators use to script faster design smarter and grow quicker without losing your voice or burning out No fluff No fear Just real tools for real creators Turn ideas into videos scripts and posts fast Stay human Work smart Grow bigger Perfect for YouTubers TikTokers podcasters and social media creators who want to stay ahead without falling behind on what makes them unique How to Think about Data Science

Diego Miranda-Saavedra, 2022-12-23 This book is a timely and critical introduction for those interested in what data science is and isn't and how it should be applied The language is conversational and the content is accessible for readers without a quantitative or computational background but at the same time it is also a practical overview of the field for the more technical readers The overarching goal is to demystify the field and teach the reader how to develop an analytical mindset instead of following recipes The book takes the scientist's approach of focusing on asking the right question at every step as this is the single most important factor contributing to the success of a data science project Upon finishing this book the reader should be asking more questions than I have answered This book is therefore a practising scientist's approach to explaining data science through questions and examples

Over Work Brigid Schulte, 2024-09-17 Brigid Schulte is a vital voice on the future of work and her carefully researched book lights the way to fewer hours less stress and more meaning Adam Grant 1 New York Times bestselling author of *Think Again* and *Hidden Potential* and host of the podcast *WorkLife* From the New York Times bestselling author of *Overwhelmed* a deeply reported exploration of why American work isn't working and how our lives can be made more meaningful Following *Overwhelmed* Brigid Schulte's groundbreaking examination of time management and stress the prizewinning journalist now turns her attention to the greatest culprit in America's quality of life crisis the way our economy and culture conceive of work Americans across all demographics

industries and socioeconomic levels report exhaustion burnout and the wish for more meaningful lives This full system failure in our structure of work affects everything from gender inequality to domestic stability and it even shortens our lifespans Drawing on years of research Schulte traces the arc of our discontent from a time before the 1980s when work was compatible with well being and allowed a single earner to support a family until today with millions of people working multiple hourly jobs or in white collar positions where no hours are ever off duty She casts a wide net in search of solutions exploring the movement to institute a four day workweek introducing Japan s Housewives Brigade which demands legal protection for family time and embedding with CEOs who are making the business case for humane conditions And she demonstrates the power of a collective and creative demand for change showing that work can be organized in an infinite number of ways that are good for humans and for business Fiercely argued and vividly told rich with stories and informed by deep investigation *Over Work* lays out a clear vision for ending our punishing grind and reclaiming leisure joy and meaning
