

A laptop is open on a light-colored wooden desk. To the left of the laptop is a dark grey coffee cup on a matching saucer. In the background, a window looks out onto a blurred city street with buildings and trees. The laptop screen is black and displays text in a light blue/cyan color. The text is arranged in four lines: 'Entry level', 'remote jobs', 'for \$16 to \$27-', and 'no experience needed'. Below the text is a small, light blue icon of a speech bubble with a checkmark inside.

No Bicycle, No Bus, No Job Patrick Bek, 2025-10-01 For working people the cost of getting to work in terms of time and expense is a crucial aspect of daily life In the twentieth century people's opportunity to travel increased This did not however apply to everyone The absence of affordable housing near job locations combined with the lack of safe efficient and affordable mobility options aggravated social exclusion for some No Bicycle No Bus No Job details how power relations have historically enabled or restricted workers mobility in twentieth century Netherlands Blue collar workers industrial employers and the state shaped workers everyday commute in a changing playing field of uneven power relations that shifted from paternalism to neo liberalism

Never Enough Time Brian H. Spitzberg, 2025-10-24 Never Enough Time discusses the directional and irreversible nature of time its relationship to information and entropy the deep time history of communication from the genesis of language to today and the extent to which we occupy time through our communication Drawing together studies

from a wide variety of disciplines and topics that provide quantitative estimates of how much daily time is expended communicating and relating to others the author demonstrates that in an increasingly accelerating mediated and information overloaded ecosystem we spend most of our time both socially and occupationally engaged in various forms of communication He examines the nature of time in the context of our increasingly overloaded and mediated information and communication ecosystem the extent to which our increasing screen time displaces face to face interaction and the implications this trend has for our quality and quantity of life particularly for younger populations In addition a case is made for the importance of developing standardized measures of time made all the more feasible with digital technologies already available for quantifying behavior at population scales This book will appeal to graduate students scholars and researchers interested in time communication theory new media and media studies and communication and personal relationships

Flexible Lives Stefanie Reissner, Michal Izak, 2025-08-07 This geographically and methodologically diverse volume shines the spotlight on a variety of flexible working practices beyond the predominantly Western perspective and zooms in on the gendered aspects of flexible working The increasing use of flexible work arrangements has decoupled work from time and space making the world of work and home increasingly fluid and challenging to manage The Covid 19 pandemic in particular has been a catalyst for questioning accepted norms of where when and how work takes place This book seeks to explore the impact which this reshaping of traditional modes of working has had on workplace interactions and relationships as well as on managing the boundaries between familial and working lives In this way this collection contributes to a wider dialogue concerning the flexibility challenges encountered by white collar workers which is needed now more than ever This book will be relevant to scholars practitioners and policymakers in the fields of gender studies organizational behavior human resources and labor economics It will be particularly useful for those examining the impact of remote work the future of work organizational culture and the social and economic implications of shifting work practices The chapters in this book were originally published in *Culture and Organization* and are accompanied by an updated Introduction and a new Epilogue
