DADLY Dollar\$: How Marketing to Dads Will Increase Revenue and Strengthen Families Hogan Hilling,Tom Konecny,Don

Hudson,2017-06-18 The idea of marketing to dads is as unconventional as a dad who chooses to relinquish his role as the primary breadwinner to become the primary caregiver for his family But as the at home dad movement has demonstrated since the birth of the National At Home Dad Network in 1996 it has had a profound impact in the changing role of today s modern dads who now view parenting as a shared responsibility One of which is as the primary or part time shopper for their families Since dads represent half the parenting population this book raises the following questions Why don t companies view marketing to dads as an opportunity to increase revenue and potential profits Why do companies and advertisers continue to ignore the purchasing power of dads Why haven t companies conducted extensive studies on how dads buy products and services and also how to reach and connect with dads Research clearly shows that the dynamics of today s

families and role of parents continue to evolve Yet companies and advertisers continue to use old school marketing strategies with mom as its primary target audience Yes the thought of dads as a potential primary or even part time shopper is hard to embrace as it was decades ago when companies shied away from the thought of a woman becoming the primary breadwinner The success of women in corporate America alone should indicate the reason for a change in a company or advertiser s marketing strategy DADLY Dollars will introduce companies and advertisers to a new untapped consumer dads It will also teach them how to reach and connect with dads market to dads capitalize on their purchasing power and how marketing to dads will increase their revenue profit and brand loyalty In addition it will also show a company the overall benefits to the economy families and communities

Marketers Raymond Wayne, 2022-12-30 TikTok is a recently released social networking app that has become immensely popular. The young adult and teen demographics seem to be the most attracted to it. TikTok is a popular social media app with over 12 million daily users because it allows users to easily make and share short videos in a variety of formats with their friends, family, and followers. Affiliate marketers can benefit from the platform because it facilitates the creation of shareable, interesting content. Making videos that people actually want to watch is step one in developing an effective marketing plan for TikTok. Because videos on TikTok can be any length, unlike on YouTube or Instagram, businesses using the site need to create clips that are just a minute or two long at the most or shorter. Marketers can increase the number of views their videos receive on TikTok by using trending hashtags related to their products and services. You don't need to wait to be accepted as a content creator on TikTok in order to start earning money with the app. TikTok's Content Creator Fund is only available to those who match certain criteria. You will not be kept waiting, which is excellent news. Including a LinkTree link in your bio is a great way to drive organic traffic to a website, online storefront, or landing page where you can promote your affiliate links and maybe make a sale. If you have multiple resources, link to your website and create a landing page with other links to your business assets. From one link, your followers can access a variety of links or a landing page with one call to action. The social media app TikTok is centered around short video loops. As well as socializing and advertising, it has a wide range of practical applications. In affiliate marketing, one business endorses another in exchange for financial compensation and works well with the TikTok community. Have fun supporting other creators and engaging with them. Build relationships with TikTokers in your field and show your interest in their success. All ships rise in a high tide. Be a fan, too. Find TikTok accounts that you love for personal and business reasons. Comment, engage with them, and be part of what makes the TikTok community unlike any other social networking platform, and you can learn on the steps on monetizing your TikTok following with useful affiliate links. TikTok is one of many tools you can use to build a platform, support your other platforms, and engage a new audience. It's a simple and fun way to share content and help people find your resources.
