Fun with Patents: The Irreverent Guide for the Investor, the Entrepreneur, and the Inventor (Second Edition) Kfir Luzzatto, Ph.D., 2025-01-19 The Practical Patent Guide Expanded and Revised Second Edition Patents don't have to be a dry and boring subject and inventors investors and business people may and should enjoy using them to their advantage However to empower the general public to use the patent system to its fullest extent the need remains for a book that introduces important patent concepts in a humanly understandable fashion with down to earth practical advice and more importantly which is not boring as many patent books unavoidably are to readers who are not patent practitioners Kfir Luzzatto a seasoned patent attorney as well as a fiction writer has dealt with inventors and entrepreneurs for longer than he cares to admit and has assisted both start ups and multinational companies with their patent needs literally all over the world He now exploits the vast experience that he has acquired working in the Start Up Nation Israel to introduce the reader to important patent concepts in a fresh and easily understandable manner with down to earth practical advice that is invaluable for investors entrepreneurs and inventors alike What the Experts Say I've worked with Kfir for many years and I'm always impressed by his insights I'm excited he has turned his years of experience and gift for clear straight forward prose and a touch of irreverence into this guide so that the important world of patents can be better understood by inventors investors and business people across the globe Larry Granatelli Chair of the Intellectual Property Practice Group Fenwick West LLP Mountain View CA USA In Fun with Patents Israeli Patent Attorney Kfir Luzzatto shares many reflections from his career As its introduction says this book will not teach you everything about patent law or how to be a patent practitioner but ranging from the critical difference between a patent and a patent application to the reasons not to rush to plough one's life savings into an invention it offers much practical guidance on working with inventions I hope you enjoy as much as I did this light hearted treatment of some serious subject matter Andrew Bentham European and UK Patent Attorney JA Kemp London UK Abraham Lincoln once said The patent system added the fuel of interest to the fire of genius From now on no inventor

entrepreneur or investor shall be able to claim that protecting an invention is a far too complex maze to justify that he did not bother patenting his creation and then cry over his wasted R D This long waited guide on patents eventually sheds light on the most passionating and entertaining area of law which purpose is precisely to enable those imaginative risk takers to be rewarded for their work time and investments William LOBELSON Partner GERMAIN MAUREAU Lyon France I spent a whole day to read this book from beginning to end and it was well worth it I will also recommend it to the students of the course where I teach I am sure it will unburden my task Giorgio Long Partner European Patent Attorney Jacobacci Partners Spa Milano Italy In the bible it is stated Many who are first will be last and many who are last will be first but in patent Who files first is who will be served Kfir Luzzatto is among the first to use fun in patent related books You can read this book Fun with Patents with much pleasure This book is easy to understand and consists of A to Z about patents It is second to none I have seen to know and learn about patents during my thirty plus years in the field Bong Sig SONG Managing Patent Attorney Y S CHANG ASSOCIATES Seoul Korea Comments on the 2016 edition

The Executive Guide to Artificial Intelligence Andrew Burgess, 2024-06-30 This book now in a thoroughly revised and updated second edition takes a pragmatic and hype free approach to explaining artificial intelligence and how it can be utilised by businesses today At the book s core is a framework which describes in nontechnical language the nine core capabilities of Artificial Intelligence AI Each of these capabilities ranging from image recognition through prediction to Generative AI is explained using real life examples and how they can be applied in a business environment The advent of Large Language Models has put AI front and centre of Board discussions AI has the ability to deliver step change benefits to organisations and enables forward thinking business leaders to rethink their business models or create completely new businesses But most of the real value of AI is hidden behind marketing hyperbole confusing terminology inflated expectations and dire warnings of robot overlords Any business executive who wants to know how to exploit AI in their business today is left confused and frustrated As an advisor in AI Andrew Burgess regularly comes face to face with business executives who are struggling to cut through the AI and LLM hype The knowledge and experience he has gained in advising them has provided him with the skills to help business executives understand what AI is and how they can exploit its many benefits Through the distilled knowledge included in this book business leaders will be able to take full advantage of this most disruptive of technologies and create substantial competitive advantage for their companies

Artificial Intelligence in Education: The Intersection of Technology and Pedagogy Peter Ilic, Imogen Casebourne, Rupert Wegerif, 2024-12-02 This book offers a multidisciplinary perspective on the ways in which the careful integration of AI might enhance learning outcomes By inviting dialogue between engineering what is possible and pedagogy what might be desirable the book offers a holistic view of AI s potential for education Offering both case studies of practical implementation and pedagogically informed frameworks it focuses on appropriately integrating technology for educational benefit presenting a uniquely broad view The contributors who are both educators and technically
