Generative AI in Higher Education Cecilia Ka Yuk Chan, Tom Colloton, 2024-03-21 Chan and Colloton's book is one of the first to provide a comprehensive examination of the use and impact of ChatGPT and Generative AI (GenAI) in higher education. Since November 2022, every conversation in higher education has involved ChatGPT and its impact on all aspects of teaching and learning. The book explores the necessity of AI literacy tailored to professional contexts, assesses the strengths and weaknesses of incorporating ChatGPT in curriculum design, and delves into the transformation of assessment methods in the GenAI era. The authors introduce the Six Assessment Redesign Pivotal Strategies (SARPS) and an AI Assessment Integration Framework encouraging a learner-centric assessment model. The necessity for well-crafted AI educational policies is explored, as well as a blueprint for policy formulation in academic institutions. Technical enthusiasts are catered to with a deep dive into the mechanics behind GenAI, from the history of neural networks to the latest advances and applications of GenAI technologies. With an eye on the future of AI in education, this book will appeal to educators, students, and scholars interested in the wider societal implications and the transformative role of GenAI in pedagogy and research. The Open Access version of this book is available at www.taylorfrancis.com and has been made available under a Creative Commons Attribution Non-Commercial No Derivatives (CC BY-NC-ND 4.0) license.

Anti-Racist Leadership James D. White, 2022-03-22 Building anti-racist companies by design creates great places to work for all. Business leaders ready to take a bold stance to make the world better for employees, for consumers, and for the greater community, read this book. As leaders, you have the unique ability to reach thousands of employees and millions of consumers. It's time for you to build a truly diverse, equitable, and inclusive work environment and, by extension, a more just society. This book provides a comprehensive plan for leaders who are ready to get serious about diversity, equity, and inclusion (DEI) and to create an anti-racist company culture. As a Black man at the highest levels of corporate America for over thirty years, James D. White has built a deep understanding of how to operationalize and integrate DEI agendas. As CEO and Chairman of the global smoothie chain Jamba Juice, he led a remarkable turnaround to make the company a model of strong performance built on a foundation of a diverse, anti-racist culture. He also draws on the experiences of other leaders at the vanguard of DEI. White writes with his daughter, Krista White, who brings to this book the heart and sensibilities of a younger generation devoted to equity and inclusion and intent on justice. Practical lessons and real
