Girl Scouts

the county's Girl Scout Council no longer will accept any checks during its annual cookie sale-a-thon.

During its last sale-a-thon, the council lost \$4,284 due to worthless checks.

"That may not sound like a lot, but it's a serious loss for us," said Linda Goree, the Girl Scout county executive. "It cuts into our profits, but all so wastes too many hours of our time."

Next year, Goree said, the county's Girl Scouts will accept only cash.

Two factors aggravated the problem during the scouts last sale-a-thon, Goree continued. First, more people paid by check. Second, a larger percentage of the checks the Girl Scouts received bounced.

"Some people pay by check because they don't have the cash," Goree said. "Or, they want to place a large order. We have people who place orders for \$100 or more, and these people are especially likely to pay by check. We also receive checks for as little as one or two dollars."

Scout leaders call people who signed the checks that bounce and, in most cases, ask them to mail new checks to the city office. The scout leaders are unable to reach everyone, however. Some people have moved. Others do not have telephones—or do not seem to answer their telephones.

"Usually it's an honest mistake, and people are embarrassed when we call them," Goree said. "They want to take care of the problem right away. Other people say they want to pay but don't have the money, and we can usually work something out with them. Unfortunately, there are other people who get mad at us, like it's our fault or something, and refuse to pay. Or, they write new checks that also bounce. It puts our leaders in a terrible situation. A Girl Scout leader shouldn't have to deal with problems like that. Also, it's not a good situation or example for our girls, and that's the reason for our new policy, why we'll no longer accept any checks."

Men's Longevity Being a middle-aged man and single can be deadly, too sociologists at your college warned today.

The sociologists, Margo Matos and LeeAnne Verider, found that middle-aged men who remain single double their chances of dying.
