

Creative Solutions to Environmental Problems

8. Environmental Problems: Environmental Problems

Excluded activities: environmental problems resulting in harm:

Many environmental problems are created by inefficient use of energy and resources. Markets induce partial agreements to help create public goods, but often the lack of these often greatly reduces the incentives to invest in the necessary. The importance of providing and using resources has only recently become apparent.

Minimizing Consumption

One of the most powerful ways to reduce environmental problems is to reduce consumption. Markets induce partial agreements to help create public goods, but often the lack of these often greatly reduces the incentives to invest in the necessary. The importance of providing and using resources has only recently become apparent. One of the most powerful ways to reduce environmental problems is to reduce consumption. Markets induce partial agreements to help create public goods, but often the lack of these often greatly reduces the incentives to invest in the necessary.
