S. Sugirtharajah, 2008-04-15 This wide-ranging Reader provides a comprehensive survey of the interaction between postcolonial criticism and biblical studies Examines how various empires such as the Persian and Roman affected biblical narratives Demonstrates how different biblical writers such as Paul Matthew and Mark handled the challenges of empire Includes examples of the practical application of postcolonial criticism to biblical texts Considers contemporary issues such as diaspora race representation and territory Editorial commentary draws out the key points to be made and creates a coherent narrative      [Literary Terms and Criticism](#) John Peck, Martin Coyle, 2002-05-07 *Literary Terms and Criticism* has long been established as the best-selling guide to the study of English literature It offers a comprehensive introduction to English poetry drama and the novel complete with practical advice and tips on how to analyse texts and how to make sense of the critical terms we employ in discussing literature It is also the clearest and most useful of all guides to modern critical
