Cross Bones By Kathy Reichs:

Cross Bones Kathy Reichs, 2005-09-02 A gripping and explosive thriller from internationally acclaimed forensic anthropologist and New York Times bestselling author Kathy Reichs featuring Temperance Brennan and Detective Andrew Ryan on the trail of a modern murder and an ancient biblical mystery Examining a badly decomposed corpse is de rigueur for forensic anthropologist Temperance Brennan But puzzling damage on the body of a shooting victim an Orthodox Jewish man suggests this is no ordinary Montreal murder When a stranger slips Tempe a photograph of a skeleton unearthed at an archaeological site Tempe uncovers chilling ties between the dead man and secrets long buried in the dust of Israel Traveling there with Detective Andrew Ryan Tempe plunges into an international mystery as old as Jesus and centered on the controversial discovery of Christ's tomb Has a mastermind lured her into an elaborate hoax If not Tempe may be on the brink of rewriting two thousand years of history if she can survive the foes dead set on burying her Cross Bones Kathy Reichs, 2008 Temperance Brennan is called in to interpret the wounds of a man who was shot in the head but while she tries to make sense of the fracture patterning an unknown man slips her a photograph of a skeleton telling her it holds the answer to the victim's death **Break No Bones** Kathy Reichs, 2007-06 Having been summoned to South Carolina to fill in for a negligent colleague Temperance Brennan lands in the middle of a gruesome international scheme a lucrative trade that deals in body parts and leaves its donors dead in this latest New York Times bestseller by the author who inspired the hit FOX series *Bones* Now in a tall Premium Edition **Cross bones. 8** Kathy Reichs, *Bestsellers* C. Bloom, 2008-09-29 This essential guide now available in a fully updated new edition is the only available study of all bestselling books authors and genres since the start of the last century giving an unique insight into a hundred years of publishing and reading and taking us on a journey into the heart of the British imagination **Secret Scrolls** Robert M. Price, 2010-12-27 *Secret Scrolls* is the very first examination of some forty novels in which someone discovers a new gospel Sometimes it turns out to be a hoax will it be debunked before it can work its mischief If it proves genuine will it be brought to light Or will corrupt church officials manage to prevent it The book evaluates what each author has to say about historical Jesus scholarship or New Testament research in general Sometimes the authors have done their homework other times they haven't bothered and they wind up dishing up crazy rewrites of history and outlandish theories These novels deal with abiding issues of faith even without some new discovery As soon as one engages in biblical apologetics one has stepped onto the marshy ground of probabilistic arguments an entirely different epistemology that automatically replaces simple faith And so one comes to hold one's religious convictions more tentatively having become genuinely vulnerable to new evidence One may not remain a believer for long On the other hand one invites fanaticism if one's faith is dangerously predicated on the assurance that no new discovery will send one back to the drawing board *Secret Scrolls* assesses what each author imagines it would take to derail and debunk Christianity How mighty a blow must be dealt before the religion would fall Dan Brown's notion that a married

Jesus would debunk the Nicene Creed is laughable As Wilbert Francis Howard once argued in his brief and fascinating history of New Testament research there is a genuine romance of New Testament scholarship and many of us are delighted to have the adventure continue in the speculative imaginations of capable novelists These books can both entertain and educate and so will Secret Scrolls
