James Comer, 2025-01-14 AN INSTANT NEW YORK TIMES BESTSELLER. Joe Biden made less than 200,000 a year for most of his life, but as soon as he left office, he bought his second multimillion-dollar mansion. In *All the President's Money*, Congressman James Comer takes readers on a captivating journey through the murky world of the Biden family's business dealings. This explosive exposé delves deep into allegations of corruption, influence peddling, and money laundering. If no one else goes to prison, it will only be because of abuse of power. This book is the result of months-long investigation that the media and deep state tried to cover up. But Comer details every penny the Bidens took in and exposes the law firm that managed several Biden family members' money. How Joe Biden shared a bookkeeper with Hunter Biden, who hasn't had a real job in decades, raked in tens of millions of dollars. When Joe met many of the foreigners writing the family's checks. How Joe never paid any taxes on income from influence peddling. How the White House convinced the media that there was nothing to be concerned about. None of this makes sense if you only have the network news to go on. If the Bidens had been involved in money laundering schemes, wouldn't the banks have noticed? They noticed unusual activity and they filed scores of Suspicious Activity Reports. Wouldn't law enforcement have done something about it? Several of Hunter Biden's domestic and foreign business associates are currently in prison. Hasn't the Burisma thing blown over? That

was only one of many seven figure deals they cooked up Surely poor recovering addict Hunter Biden hasn't admitted to most of this But he has Through meticulous research and insider access All the President's Money uncovers the truth about the Biden family's shady finances from China to Ukraine Russia to Hollywood following the money trail every Democrat insists doesn't exist
