

Digital Nomad

Entre rêve et réalité

Le monde est leur terrain de jeux, ou plutôt leur bureau : **ce sont les digital nomads**. Ces travailleurs du numérique ont fait le choix de concilier voyage et travail grâce à **un mode de vie itinérant**. Qui sont-ils et quelles sont les clés pour se lancer avec succès ?

Envies d'ailleurs et compétences dans le numérique

40% des moins de 35 ans songent à s'expatrier sous deux ans.

En parallèle, les professionnels du numérique n'ont **jamais été aussi nombreux : ils sont 800 000 en France**. Le nomadisme digital a de beaux jours devant lui !

Un mode de vie attractif mais pas sans risques

Le portrait robot du digital nomad

La communauté des digital nomads est composée d'autant d'hommes que de femmes. Ils sont majoritairement **trentenaires**, et sans enfants pour 74 % d'entre eux.

Contrairement aux idées reçues, ils ne bougent pas en permanence : la plupart des digital nomads restent **entre 3 et 9 mois au même endroit** avant de s'envoler vers de nouveaux horizons.

Les pays qui ouvrent leurs portes aux digital nomads

De plus en plus de pays dans le monde mettent en place **des stratégies pour attirer les digital nomads**, comme des visas spécifiques adaptés à leur profil de travailleur à distance.

Argentine, Islande ou encore Bahamas, on recense aujourd'hui **un peu plus de 30 pays** qui proposent un régime spécifique pour ces travailleurs de passage...

Work Online While Travel The World Hey Fellow Reader I m Ida a Digital Nomad and online marketer I love travel And I ve
been a Digital Nomad Experiencing Outdoor travel as well Meanwhile I love travel I love to keep myself girly as much as
possible on a budget while traveling I have learned a lot since the past few years and I ll share all the things I ve learned into
this manuscript Here is a part you ll find inside this book What is a Digital nomad A digital nomad lifestyle is becoming more
of the trend and this article will tell you what a digital nomad is and the realities of a Location Independent Business What is
a digital nomad and why are there so many people who want to work this way A digital nomad is essentially a person who
works for himself Many work at home mothers do this and are known as Full Time Gigs Others work as freelancers and do
things a specific way like transcribing editing proofreading or programming However some digital nomads work for service
companies and do things like web design web programming accounting creative writing or translation Those who work a
digital nomad lifestyle do not work for a company or boss but instead work for themselves They set their own hours and
follow their own rules It is difficult to be self employed in this society because you have to rely on the wills of others and your
courage to set up your business However it is not impossible and there are different ways to be self employed which can
provide you with more freedom and flexibility while still bringing in some money If you want to work at home then this is the
technology which is enabling the change and it is allowing nomads to work from home Companies are recognising the
potential of this new method of working and the first areas to embrace the new way of working are the legal ones However it
is not just the legal firms and public sector which are looking to employment technology in order to cut costs Almost every
type of industry is looking at using technology in order to lower costs and in this way increase profits For example
restaurants are using recruitment technology in order to lower salaries and costs Until a few years ago when every
restaurant had a fixed cost of hiring training and maintenance the vast majority of restaurants were able to pay 100% of their
employees salaries This meant that it was possible to pay a manager less than a waiter and save money However with the
inclusion of recruitment technology the cost of hiring employees is being cut by up to 50% This does not necessarily mean
that the amount of profit is increased but employees are able to be assigned to different tasks meaning that they spend less
time in front of customers thus increasing their profits Interested to know more Then Scroll up Click on Buy now with 1 Click
