Creating Local Arts Together - Revised and Updated Brian Schrag, 2025-01-07 Cultivating Creativity for Kingdom Flourishing Creating Local Arts Together is a manual that offers a transformative approach to integrating local arts with kingdom work The practical text reduces experience based scholarly insights into a flexible seven step process The purpose of this manual is to guide your involvement in working toward a new reality one in which all communities are using all their gifts to worship obey and enjoy God In this revised edition Brian Schrag has incorporated user feedback lessons learned and additional real life stories of these principles over the last decade This book includes an added index periodic reflection questions case studies from people applying CLAT in various contexts updated references and more content devoted to multicultural contexts Drawing on historically robust discoveries and methods of academic disciplines ethnomusicology folklore performance studies anthropology biblical studies missiology and ethnodoxology Creating Local Arts Together teaches about artistic communication within communities whether cultures close to home or far afield

Language Hacking Italian Benny Lewis, 2017-03-28 It s true that some people spend years studying Italian before they finally get around to speaking the language But here s a better idea Skip the years of study and jump right to the speaking part Sound crazy No it s language hacking Unlike most traditional language courses that try to teach you the rules of Italian LanguageHacking shows you how to learn and speak Italian through proven memory techniques unconventional shortcuts and conversation strategies perfected by one of the world s greatest language learners Benny Lewis aka the Irish Polyglot Using the language hacks shortcuts that make learning simple that Benny mastered while learning his 11 languages and his speak from the start method you will crack the language code and exponentially increase your language abilities so that you can get fluent faster It s not magic It s not a language gene It s not something only other people can do It s about being smart with how you learn learning what s indispensable skipping what s not and using what you ve learned to have real conversations in Italian from day one The Method LanguageHacking takes a modern approach to language learning blending the power of online social collaboration with traditional methods It focuses on the conversations that learners need to master right away rather than presenting language in order of difficulty like most courses This means that you can have conversations immediately not after years of study Each of the 10 units culminates with a speaking mission that prepares you to use the language you ve learned to talk about yourself Through the language hacker online learner community you can share your personalized speaking missions with other learners getting and giving feedback and extending your learning beyond the pages of the book You don t need to go abroad to learn a language any more
