Schultz Lavenda, 2010 *Insights from Cultural Anthropology* Karl Allen Kuhn, 2018-09-01 Each volume in the Insights series discusses discoveries and insights gained into biblical texts from a particular approach or perspective in current scholarship Accessible and appealing to today's students each Insight volume discusses how this method approach or strategy was first developed and how its application has changed over time what current questions arise from its use what enduring insights it has produced and what questions remain for future scholarship In this volume Karl Allen Kuhn provides a description of what cultural anthropology is and how the discipline has impacted biblical studies Looking at Scripture through the lens of cultural anthropology is related to social scientific criticism which refers to that phase of the exegetical task that analyzes the social and cultural dimensions of the text and its environmental context through the utilization of the perspectives theories models and research of the social sciences Kuhn discusses general matters garnered from cultural anthropology interpretation that would be relevant for the study of biblical texts He analyzes several biblical specific texts from a cultural anthropology perspective and provides conclusions challenges and considerations for the future of cultural anthropology and biblical interpretation

Re-imagining Social Work Jim Ife, Rimple Mehta, Sharlotte Tusasiirwe, 2023-12-21 Social workers are increasingly faced with contemporary global challenges such as inequality climate change and displacement of people As a field committed to supporting the world's most vulnerable populations and communities social work must adapt to meet the needs of this changing global landscape Re-imagining Social Work broadens the imaginative horizons for social workers and acquaints readers with their potential to creatively contribute to global change Written in an accessible style this book motivates readers to think outside the box when it comes to linking theory to their social work practice in order to construct innovative solutions to prominent social problems Re-imagining Social Work provides a unique perspective on how social work can evolve for the future Through theory and critical perspective this book provides the skills required to be an innovative creative social worker

The Empathetic Soldier Kevin Cutright, 2022-02-06 This book shows the contribution that empathy can and should make to the proper conduct of war US Army doctrine identifies empathy as an essential trait in soldiers despite this endorsement of senior leaders empathy's role in the military profession remains obscure The notion of soldiers empathetically considering others especially enemies strikes many as counter to the nature of soldiering Additionally confusion caused by differing

definitions of empathy often leads to its complete dismissal This work clarifies the concept by considering recent philosophical psychological and neuroscientific research and demonstrates the relevance of empathy to the tactical and strategic demands of war Empathy amplifies soldiers understanding of human actors in an operational environment enables soldiers critical and creative thinking and improves their overall intentions planning and assessments of a war s progress While empathy can make soldiers more susceptible to the psychic wound of moral injury it also helps prevent and overcome this injury Instead of dismissing it soldiers should assimilate empathy into their moral frameworks This book will be of much interest to students of the ethics of war psychology and military studies generally

Transcultural Flows of English and Education in Asian Contexts Tyler Andrew Barrett, Melissa Fellin, 2016-10-20 Transcultural Flows of English and Education in Asian Contexts examines issues concerning the potential of English learning and teaching to go beyond the classroom and affect the multicultural realities of Asian societies Asian societies often carry long histories and traditions that influence beliefs about identities which are changing in our globalizing world The authors in this volume explore the synthesis that occurs when culture is shared and re constructed in different contexts Specifically the authors show how English is appropriated and refashioned through language and culture exchanges both inside and outside of traditional classrooms in East Asia i e Japan South Korea China and Southeast Asia e g Indonesia Thailand Inside the classroom transcultural flows have the potential to result in take up exchange appropriation and refashioning of language and cultural practices that can generate transcultural realities outside the classroom Understanding transcultural flows may also require understanding circumstances outside of the classroom for instance transcultural exchanges that lead to friendships and professional relationships as companies embrace English and attempt to reach a global audience as English facilitates access to global interaction in cyberspace and as membership to nation states recognition and identity often confront the politics of English as a global language For both teachers and students of English the impact of transcultural connections reaches far beyond the teaching and learning experience English connects people around the globe even after students and teachers have finished their lessons or teachers have left the country To examine the transcultural flows that result from English learning and teaching in Asia this book addresses the following questions What becomes of English when it is unmoored from local national and regional spaces and imaginatively reconceptualized What are new forms of global consciousness and cultural competency How is English rediscovered and reinvented in Asian countries where there are long traditions of cultural beliefs and language practices How are teachers and students taking up and appropriating English inside and outside classrooms How has English learning and teaching affected social political and business relationships This book will be of interest to scholars in sociolinguistics anthropology and education

Socio-economics of Personalized Medicine in Asia Shirley Sun, 2016-07-01 The second decade of the twenty first century has witnessed a surging interest in personalized medicine with the concomitant promise to enable more precise diagnosis and treatment of disease and illness based upon an individual s

unique genetic makeup In this book my goal is to contribute to a growing body of literature on personalized medicine by tracing and analyzing how this field has blossomed in Asia In so doing I aim to illustrate how various social and economic forces shape the co production of science and social order in global contexts This book shows that there are inextricable transnational linkages between developing and developed countries and also provides a theoretically guided and empirically grounded understanding of the formation and usage of particular racial and ethnic human taxonomies in local national and transnational settings The Open Access version of this book available at <http://www.taylorfrancis.com/doi/view/10.4324/9781315537177> has been made available under a Creative Commons Attribution Non Commercial No Derivatives 4.0 license
