Cultural Anthropology 13th Edition Online:

The Meaning of Myth in World Cultures Michael Buonanno, 2018-12-20 Mythology circulated in sacred stories myths and their reenactments rituals is the basis of any society's religion and religion is an essential key to identity Mythology's meaning depends on the elaboration of identity in cultural metaphors that are at the same time ecological arising from a society's environmental exploitation sociological based on indigenous social relations and ideological couched in terms of a society's worldview But tellingly these metaphors are embodied in anthropomorphic spirits fostering a deep sense of identification with those spirits as well as with individuals who share in one's spiritual devotions This study examines mythology from a global perspective citing case studies in cultural traditions from Africa Europe Oceania Native America and elsewhere *Im/Tb Cult Anthropology* Gary Ferraro, 2005-04 *Youth Cultures in the Age of Global Media* Sara

Bragg, Mary Jane Kehily, 2014-02-06 This book explores the impact of globalisation and new technologies on youth cultures around the world from the Birmingham School to the youthspheres of South Korea In a timely reappraisal of youth cultures in contemporary times this collection profiles the best of new research in youth studies written by leading scholars in the field

2009 Lectures Ron Johnston, 2011-06-30 This volume contains 16 lectures delivered at the British Academy in 2008 10 From romantic love in sub Saharan Africa to the British industrial revolution from John Donne to Arthur Miller from surrealism to Chinese flower imagery these lectures demonstrate unparalleled breadth and depth of scholarship Work, Sleep, Repeat Felix Stein, 2020-07-12 Work Sleep Repeat is a fascinating account of the work regime of German management consultants Examining one of the most sought after and secretive graduate professions the book provides a first hand account of the boardroom culture of Europe's strongest economy Analyzing how knowledge and power operate in this sector Felix Stein explores a number of paradoxes For example while it is the job of management consultants to analyse the activities of other employees they actually spend most of their time in luxurious seclusion away from them In addition despite having a strong sense of the importance of their work consultants often find it difficult to explain to outsiders what it is they do The book addresses these and other paradoxes by arguing that consultants are engaged in abstract labour Anthropologists have long struggled with the question of how to describe contemporary work regimes which do not produce anything tangible Stein demonstrates that elite work is predominantly abstract in the fourfold sense that it is epistemically removed from the object of analysis emotionally detached from it several steps away from the assumed sources of economic value creation and increasingly hard to grasp In doing so he offers new ways to think about white collar work and elites in the 21st century and establishes the notion of abstract labour as a key category in social anthropology The Social Sciences Nancy L. Herron, 2002-06-11 It's here the third edition of the highly acclaimed guide to the social sciences literature Updated and expanded this classic comprises more than 1 500 annotated citations offering librarians and researchers fast and easy access to some of the best and most commonly used resources in the social sciences arena The book also serves as a

standard text in universities nationwide as it gives students a comprehensive overview of must know reference sources in both print and electronic format Prepared by leading subject specialist librarians and arranged by discipline the book's 12 chapters cover general social sciences political science economics business history law and justice anthropology sociology education psychology geography and communication All chapters have been revised the essays expanded and the annotated lists of resources have been rewritten to incorporate the latest research findings and developments Quick Guide to the Internet for Cultural Anthropology Richard Howard Robbins,2000 *Society in Focus* William E. Thompson,Joseph V. Hickey,Mica L. Thompson,2016-04-20 Examining the role of mass media and information technology in contemporary society *Society In Focus* Eighth Edition emphasizes the increasing diversity and globalization of societies everywhere It is designed to help students think clearly and critically about sociological issues concepts and methods Questioning is at the heart of this approach and as students read this book they are encouraged to become part of the sociological enterprise rather than remain passive observers Every element of the text is designed to challenge students to evaluate social issues and guided by the sociological imagination to clearly formulate their own positions By asking questions that demand sociological and creative thought students are reminded that their conclusions and decisions as well as their non decisions and inaction may have important social consequences New to this edition New coauthor Mica Thompson an experienced teacher of introduction to sociology brings a fresh new perspective as well as a wide array of different life experiences to this edition of *Society in Focus* An expanded critical analysis in Chapter 1 introduces all forms of media and technology and every chapter examines an aspect of their powerful social influence Chapters 9 16 and 17 have been updated to include the most recent worldwide financial and economic developments to help explain globalization and cultural diversity Expanded application of feminist theory in every chapter to help students recognize the importance of gender diversity and the contributions of that theoretical perspective in sociology Updated and brand new boxes throughout encourage students to take a closer look at society and selected social issues Cultural Anthropology Raymond Scupin,2002 For introductory courses in Cultural Anthropology This textbook serves as a useful introduction to cultural anthropology by integrating ethnographic material from around the world By drawing upon classic and recent research in the field this text reflects current state of the art understandings of social and cultural changes based on the interrelationships among different societies It demonstrates the diversity of different societies and cultural patterns yet at the same time reveals similarities in humans everywhere **A Cultural History of Money in the Modern Age** Taylor C. Nelms,David Pedersen,2021-03-11 Bracketed by global financial crises and economic downturns the modern age has been defined by debates about and transformations of money The period witnessed the consolidation of national currencies and monetary policies as well as the diversification of payment technologies and the proliferation of financial instruments Throughout even as it appeared abstracted by finance and depoliticized by expert ideologies money was revealed again and again to be a powerful medium of cultural imagination and

practical inventiveness as well as the site of public and political struggles Modern money both as a form of liquidity and as a claim on wealth remains deeply unsettled caught between private and public interests and subject to epic struggles over the infrastructures of value creation and circulation and their distributional consequences Drawing upon a wealth of visual and textual sources *A Cultural History of Money in the Modern Age* presents essays that examine key cultural case studies of the period on the themes of technologies ideas ritual and religion the everyday art and representation interpretation and the issues of the age *Student's Companion to the World Wide Web* Jim Millhorn, 1999-11-03 The World Wide Web is expanding at a rapid pace This progressive growth has inevitably created a proliferation of sites and information sources that are posted on this medium Jim Millhorn attempts to examine a small corner of this undergrowth in *Student's Companion to the World Wide Web* by focusing on outstanding academic and scholarly sites for students in the social sciences and humanities While the Web is an invaluable source of information students do not always know how to extract the information that they seek This guide can offer assistance This book expertly handles common reference sources search engines meta subject guides the humanities and social science disciplines which are arranged in an alphabetized sequence of chapters featuring each individual discipline An innovative and timely answer to the student's quest for information this book opens the broadest purview the Web offers on a specific discipline while simultaneously limiting the number of featured sites

Adolescents in Contemporary Indonesia Lyn Parker, Pam Nilan, 2013-07-18 The youth demographic is a large and growing cohort in Indonesia and adolescents embody the currents of social change Throughout the twentieth century they were significant agents of social protest leading to social and political transformation This book looks at the importance of adolescents in contemporary Indonesia and how they are spearheading not just globalisation and a growing consumer youth culture but also the Islamisation movement The book explores both the inner worlds and social selves of Indonesian adolescents It presents an in depth knowledge of Indonesian society and culture in various parts of Indonesia and discusses national patterns and trends Grounded in two field sites the book enables an analysis of young people's local ethnic and religious identities and their commitment to the Indonesian nation state It goes on to look at the physical age bracket of youth the definitions used by the Indonesian state and other agencies and the perceptions of youth themselves about adolescence and adulthood Providing a comprehensive study of young people in contemporary Indonesia the book addresses gender relations the importance of education for youth and youth engagement with popular culture and the moral issue concerning the sexual propriety of young people It is a useful contribution for students and academics of Asian Studies Sociology and Cultural Studies **Fulltext Sources Online**, 2008 **International Business** John J. Wild, Kenneth L. Wild, Jerry C. Y. Han, 2003 For undergraduate graduate courses in International Business This text applies a cross functional integrated approach to the study of international business By including examples of companies from around the world it provides students with an unbiased global perspective on business Clear straightforward explanations of difficult material

supported by informative illustrations make this text accessible to all students The texts dynamic portrayal of international business makes the subject lively topical and enjoyable NEW Expanded and updated discussion of culture Includes extensive examples to show the application of the Hofstede and Kluckohn Strodtbeck frameworks for classifying cultures Offers students with more and fresher examples and a current presentation of cultures influence NEW Web based video cases focusing on individual countries from the widely used program Across Frontiers NEW Updated discussion of the major efforts toward regional economic integration around the world Reflects less on past events and centers more on todays key issues NEW Streamlined presentation of different types of economic systems and development Allows st

range of perspectives on art and borrowing approaches from the study of neuroscience evolutionary biology anthropology and geography as models alongside more conventional art historical perspectives In musicology or linguistics using such diverse viewpoints for reflection and research is considered part of the normal process In that spirit this volume goes beyond abstract models using case studies to demonstrate and examine specific methods of investigation BOOK JACKET

Sociolinguistics: The sociolinguistics of language variation and change Nikolas Coupland,Adam Jaworski,2009 This title is a new collection in Routledge s Critical Concepts in Linguistics series In six volumes it provides a critical synthesis of the key ideas findings methods and approaches that make up the interdisciplinary field of sociolinguistics It includes both classic texts and contemporary state of the art research with a bias towards the latter The editors aver that the collection will stand as an articulation of the New Sociolinguistics as it is emerging through a sustained reflexive reassessment of the field which is now ongoing set against a core of classic texts *Identities, Boundaries, and Social Ties* Charles Tilly,2005 Offering a distinctive coherent account of social processes and individuals connections to their larger social and political worlds this book demonstrates the connections between inequality and de democratization between identities and social inequality and between citizenship and identities
