A comprehensive framework for understanding the most important issues in global business. This is the e-book version of *Business Sustainability, Corporate Governance, and Organizational Ethics*. In today's business environment, multinational corporations are under pressure from investors, lawmakers, and regulators to improve their corporate governance, business sustainability, and corporate culture. Business sustainability, corporate governance, and organizational ethics are taking center stage in the global business environment. This long-awaited text covers each of these three important areas in detail, guiding readers to a robust understanding with features including chapter summaries, essential terms, discussion questions, and cases for each topic covered. **Corporate Governance** H. Kent Baker, Ronald Anderson, 2010-08-20. A detailed look at the importance of corporate governance in today's business world. The importance of corporate governance became dramatically clear at the beginning of the twenty-first century as a series of corporate meltdowns from managerial fraud, misconduct, and negligence caused a massive loss of shareholder wealth. As part of the Robert W. Kolb Series in Finance, this book provides a comprehensive view of the shareholder-manager relationship and examines the current state of governance mechanisms in mitigating the principal-agent conflict. This book also offers informed suggestions and predictions about the future direction of corporate governance. Relies on recent research findings to provide guidance through the maze of theories and concepts. Uses a structured approach to put corporate governance in perspective. Addresses essential issues related to corporate governance, including the idea of principal-agent conflict, role of the board of directors, executive compensation, corporate monitoring, proxy contests, and corporate takeovers and regulatory intervention. Corporate governance is an essential part of mainstream finance. If you need to gain a better understanding of this topic, look no further than this book. *E-book: Ethical Obligations and Decision-Making in Accounting: Text and Cases*
