Everyday Surveillance William G. Staples, 2013-10-18 When we think of surveillance in our society we usually imagine Big Brother scenarios with the government tracking our every move The actual surveillance of our everyday lives is much more subtle however and may be more insidious William G. Staples shows how our lives are tracked by both public and private organizations sometimes with our consent and sometimes without through our internet use cell phones public video cameras credit cards license plates shopping habits and more *Everyday Surveillance* is a provocative exploration of the myriad ways we are watched each

day and how this surveillance shapes our lives Thoroughly revised the second edition considers new topics such as the rise of social media and updates research throughout Everyday Surveillance introduces students to concepts of social control and incites classroom discussion about how surveillance impacts the ways we understand people and our lives at home work school or in the community **Using Apps for Learning Across the Curriculum** Richard Beach, David O'Brien, 2014-10-17

Madeline Levine, 2006-07-03 Madeline Levine has been a practicing psychologist for twenty five years but it was only recently that she began to observe a new breed of unhappy teenager When a bright personable fifteen year old girl from a loving and financially comfortable family came into her office with the word empty carved into her left forearm Levine was startled This girl and her message seemed to embody a disturbing pattern Levine had been observing Her teenage patients were bright socially skilled and loved by their affluent parents But behind a veneer of achievement and charm many of these teens

suffered severe emotional problems What was going on Conversations with educators and clinicians across the country as well as meticulous research confirmed Levine's suspicions that something was terribly amiss Numerous studies show that privileged adolescents are experiencing epidemic rates of depression anxiety disorders and substance abuse rates that are higher than those of any other socioeconomic group of young people in this country The various elements of a perfect storm materialism pressure to achieve perfectionism disconnection are combining to create a crisis in America's culture of affluence This culture is as unmanageable for parents mothers in particular as it is for their children While many privileged kids project confidence and know how to make a good impression alarming numbers lack the basic foundation of psychological development an authentic sense of self Even parents often miss the signs of significant emotional problems in their star children In this controversial look at privileged families Levine offers thoughtful practical advice as she explodes one child rearing myth after another With empathy and candor she identifies parenting practices that are toxic to healthy self development and that have contributed to epidemic levels of depression anxiety and substance abuse in the most unlikely place the affluent family
