Creating Public Value Strategic Management In Government:

Creating Public Value Mark Harrison Moore, Mark H. Moore, 1995 A summation of 15 years of research on what public sector executives should do to improve the performance of public enterprises Cases are used to illuminate their broader lessons for government managers

Creating Public Value Mark Harrison Moore, 1995 A seminal figure in the field of public management Mark Moore presents his summation of fifteen years of research observation and teaching about what public sector executives should do to improve the performance of public enterprises Useful for both practicing public executives and those who teach them this book explicates some of the richest of several hundred cases used at Harvard's Kennedy School and illuminates their broader lessons for government managers Moore addresses four questions that have long bedeviled public administration What should citizens and their representatives expect and demand from public executives What sources can public managers consult to learn what is valuable for them to produce How should public managers cope with inconsistent and fickle political mandates How can public managers find room to innovate

Public Value John Benington, Mark Moore, 2010-11-30 This text provides a concise and internationalized restatement of the public value approach an assessment of its impact to date in theory and practice and of its particular relevance to the challenges of public management in a time of crisis and austerity

Recognizing Public Value Mark H. Moore, 2013-02-15 Moore's classic *Creating Public Value* offered advice to managers about how to create public value but left unresolved the question how one could recognize when public value had been created Here he closes the gap by helping public managers name observe and count the value they produce and sustain or increase public value into the future

Creating Public Value in Practice John M. Bryson, Barbara C. Crosby, Laura Bloomberg, 2015-02-13 *Creating Public Value in Practice* Advancing the Common Good in a Multi Sector Shared Power No One Wholly in Charge World brings together a stellar cast of thinkers to explore issues of public and cross sector decision making within a framework of democratic civic engagement It offers an integrative approach to understanding and applying the concept of public value

Public Value Management, Measurement and Reporting James Guthrie, Giuseppe Marcon, Salvatore Russo, Federica Farneti, 2014-11-07 This volume aims to shed light on how public service value is identified managed measured and reported The chapters cover a range of topics including theoretical reflections practical case studies and empirical observations aimed at understanding the concept of public value

Public Value Theory and Budgeting Usman W. Chohan, 2019-05-22 Public value theory has advanced over the past 30 years but there is a need to extend its boundary outwards into new contexts and update its discourse to reflect new social challenges We are now trying to create value in a globalized world with supranational entities with new international alliances and institutions in a frightening post truth era How can public managers grapple with these emerging realities This book seeks to provide answers to such public value questions by applying powerful budgeting perspectives Using case studies of independent budget offices key fiscal instruments and leading public value frameworks this book stands out in its

use of budgetary lenses to answer pertinent questions about the multidimensional processes of value creation by and for a wider society Pushing the debate on public value forward and taking it onto the global stage the book asks whether public value and other public administration theories are applicable beyond the traditional context of the pro globalization Western liberal democracies in which they were conceived It does this by exploring the realms of developing countries supranational entities and post Communist societies among others Finally it presents these explorations in light of very recent sociopolitical trends and phenomena including the growth of civil society the global financial crisis the illiberal democracy and the post truth era Tailored to an audience comprising public administration scholars students of government budget practitioners and social scientists interested in contemporary problems of values in society this book helps to advance public administration thought by extending public value theory into new contexts and relating it to the growing global challenges of public life

Governance Models for Creating Public Value in Open Data Initiatives Manuel Pedro Rodríguez Bolívar, Kelvin Joseph Bwalya, Christopher G. Reddick, 2019-05-07 This book relies on the conceptual model of Open Government OG focusing on transparency and concretely in open data initiatives at the local government context with the aim of improving participation and collaboration Most Open Government models are centered on three pillars transparency participation and collaboration Transparency is a crucial ingredient of OG and applied to data openness means to ensure that the data are well known comprehensible easily accessible and open to all new governance models based on different open data models have not been proposed up to now The chapter authors seek to contribute recent research to the discussion on governance models of open data initiatives to support Open Governments with the aim of creating public value It includes both theoretical and empirical studies on governments models in open data initiatives
