### **Environmental Management Accounting and Supply Chain Management**

Roger L. Burritt, Stefan Schaltegger, Martin Bennett, Tuula Pohjola, Maria Csutora, 2011-05-19 This volume's focus on the environmental accounting of supply chain processes is of particular relevance because these processes supply data about the environmental impact of relationships between business organisations, an area where the boundary separating internal and external accounting is ill defined. Here contributors advocate what they term accounting for cooperation as a more environmentally positive complement to the paradigmatic practice of accounting for competition.

### **Breakeven Analysis**

Michael E. Cafferky, 2010-08-11 This book explains the vocabulary of cost volume profit breakeven analysis. CVP explores the breadth of applications of CVP and illustrates the use of CVP concepts in a broad range of management and marketing scenarios. The book examines the proper identification of a unit, the various formulations of breakeven profit planning using the breakeven formulas, and the application of CVP in sensitivity analysis. Each chapter will offer several important ingredients for a practical how to approach the type of data needed, the formula, how to calculate and interpret the math, a specific example followed by a brief review of the assumptions and limitations of that method.
