Hoff Language Development 5th Edition:

Language Development Erika Hoff, 2013 Erika Hoff's *LANGUAGE DEVELOPMENT* 5E International Edition communicates both the content and the excitement of this quickly evolving field. By presenting a balanced treatment that examines all sides of the issues, Hoff helps readers understand different theoretical points of view and the research processes that have led theorists to their findings. After an overview and history of the field, Hoff thoroughly covers the biological bases of language development and the core topics of phonological, lexical, and syntactic development. She also provides in-depth discussions of the communicative foundations of language, the development of communicative competence, language development in special populations, childhood bilingualism, and language development in the school years. **Language Development** Erika Hoff, 2005 Erika Hoff's *LANGUAGE DEVELOPMENT* communicates both the content and the excitement of this quickly evolving field. The textbook incorporates a robust set of pedagogical features, including marginal definitions, a substantial glossary, chapter summaries, and learning exercises. Brand new to this edition are suggested reading lists at the end of every chapter and recommended websites and apps to further aid students in their study. *The Education Debate* David Kirp, Kevin Macpherson, 2022-11-01 In *The Education Debate: What Everyone Needs to Know*, David Kirp and Kevin Macpherson provide a balanced and accessible overview of the key policy and practice issues in pre-K-12 education today.
