Iverson, 2002 Essays on the writers and works of Canadian fantasy and science fiction that have made this genre an important component of Canadian literature one that must be considered by Canadian literary scholars Documents the rapid development of Canadian fantasy and science fiction from the early 1980s to the beginning of the twenty first century

How to Create Your Own Super Second Life Gordon Burgett, 1999-10 Wild Bill Bruce Allen Murphy, 2003 William Orville Douglas was both the most accomplished and the most controversial justice ever to serve on the United States Supreme Court He emerged from isolated Yakima Washington to be dubbed by the age of thirty the most outstanding law professor in the nation at age thirty eight he was the chairman of the Securities and Exchange Commission cleaning up a corrupt Wall Street during the Great Depression by the age of forty he was the second youngest Supreme Court justice in American history going on to serve longer and to write more opinions and dissents than any other justice In evolving from a pro government advocate in the 1940s to an icon of liberalism in the 1960s Douglas became a champion for the rights of privacy free speech and the environment While doing so Wild Bill lived up to his nickname by racking up more marriages more divorces and more impeachment attempts aimed against him than any other member of the Court But it was what Douglas did not accomplish that haunted him He never fulfilled his mother's ambition for him to become president of the United States Douglas's life was the stuff of novels but with his eye on his public image and his potential electability to the White House the truth was not good enough for him Using what he called literary license he wrote three memoirs in which the American public was led to believe that he had suffered from polio as an infant and was raised by an impoverished widowed mother whose life savings were stolen by the family attorney He further chronicled his time as a poverty stricken student sleeping in a tent while attending Whitman College serving as a private in the army during World War I and riding the rods like a hobo to attend Columbia Law School Relying on fifteen years of exhaustive research in eighty six manuscript collections revealing long hidden documents and interviews conducted with more than one hundred people many sharing their recollections for the first time Bruce Allen Murphy reveals the truth behind Douglas's carefully constructed image While William O Douglas wrote fiction in the form of memoir Murphy presents the truth with a narrative flair that reads like a novel
