Media Authorship Cynthia Chris, David A. Gerstner, 2013 Contemporary media authorship is frequently collaborative participatory non site specific or quite simply goes unrecognized In this volume media and film scholars explore the theoretical debates around authorship intention and identity within the rapidly transforming and globalized culture industry of new media Defining media broadly across a range of creative artifacts and production cultures from visual arts to videogames from textiles to television contributors consider authoring practices of artists designers do it yourselfers media professionals scholars and others Specifically they ask What constitutes media and authorship in a technologically converged globally conglomerated multiplatform environment for the production and distribution of content What can we learn from cinematic and literary models of authorship and critiques of those models with regard to authorship not only in television and recorded music but also interactive media such as videogames and the Internet How do we conceive of authorship through practices in which users generate content collaboratively or via appropriation What institutional prerogatives and legal debates around intellectual property rights fair use and copyright bear on concepts of authorship in new media By addressing these issues Media Authorship demonstrates that the concept of authorship as formulated in literary and film studies is reinvigorated contested remade even reauthored by new practices in the digital media environment

Social Influence on Digital Content Contribution and Consumption Xuejing Ma, 2023-09-28 This book examines users digital content contribution and consumption behavior from a social perspective Digital content is everywhere from search results on search engines to posts on social media Incentivizing users to contribute abundant content and motivating users to engage in and pay for digital content are vital for online platforms especially those relying on digital content generated by users This book develops a theoretical framework to incorporate social influence including social presence social interaction social comparison social loafing and social relationships in users digital content contribution and consumption decisions Further using a large volume of data from online platforms the author empirically studies the role of social interaction in digital content provision and monetization from the supply side Also regarding the digital content demand side this book explores how to boost content consumption via social motives and social norms The book enriches the understanding of social influence in digital content

contribution and consumption and provides practical suggestions for digital platforms mechanism design *Principles of Research Methodology and Ethics in Pharmaceutical Sciences* Vikas Anand Saharan, Hitesh Kulhari, Hemant R.
