Science and our readers share The future is going to be better and science and technology are the driving forces that will help make it better

A Peculiar Indifference Elliott Currie, 2025-06-25 A NEW YORK TIMES NOTABLE BOOK OF THE YEAR From Pulitzer Prize finalist Elliott Currie comes a devastating exploration of the extreme levels of violence afflicting Black communities and a blueprint for addressing the crisis About 170 000 Black Americans have died in homicides just since the year 2000 Violence takes more years of life from Black men than cancer stroke and diabetes combined a young Black man in the United States has a fifteen times greater chance of dying from violence than his white counterpart Even Black women suffer violent death at a higher rate than white men despite homicide s usual gender patterns Yet while the country has been rightly outraged by the recent spate of police killings of Black Americans the shocking amount of everyday violence that plagues African American communities receives far less attention and has nearly disappeared as a target of public policy As acclaimed criminologist Elliott Currie makes clear this pervasive violence is a direct result of the continuing social and economic marginalization of many Black communities in America Those conditions help perpetuate a level of preventable trauma and needless suffering that has no counterpart anywhere in the developed world Compelling and accessible drawing on a rich array of both classic and contemporary research A Peculiar Indifference describes the dimensions and consequences of this enduring emergency explains its causes and offers an urgent plea for long overdue social action to end it

The Internal Revenue Service's Processing of 501(c)(3) and 501(c)(4) Applications for Tax-exempt Status Submitted by "political Advocacy" Organizations from 2010-2013 United States. Congress. Senate.
