## Quick Ai Customer Support Bot Usa:

**Selling and Negotiation Skills** Prashant Chaudhary, 2024-10-17 This book is a complete guide to learning the critical selling and negotiation skills to gain a competitive edge in a challenging business environment. The volume covers various negotiation approaches, strategies, tactics, and styles that are adaptable and compatible with emerging business models and technologies. Businesses worldwide are adapting to changing consumer behaviour and focusing on more sustainable and future-ready selling and negotiation strategies. Richly illustrated with examples from diverse domains and real-life situations for an easy understanding of the subject, this book looks at strategies, tactics, and styles for negotiation and the tools or technologies used for effectively selling business cases and scenarios that illustrate the direct application of concepts, making the book practical, accessible, and relevant. Customer-centric selling and negotiation strategies, processes, and approaches. A valuable companion for students, teachers, research scholars, and professionals working in sales, business, and management. This revised edition will also be of interest to those working in the areas of global business and trade, international affairs, marketing, and economics.

**Social Media Strategy** Keith A. Quesenberry, 2020-08-14 This book is a blueprint for the practice of marketing, communications, advertising, and public relations in a digital world where the consumer has taken control.

**Fintech and Cryptocurrency** Mohd Naved, V. Ajantha Devi, Aditya Kumar Gupta, 2023-10-23 FINTECH and CRYPTOCURRENCY Dive into the world of fintech and cryptocurrency through the engaging perspectives of this diverse group of authors and uncover the intricate connections between technology, finance, and cryptocurrency that make this a must-have for anyone intrigued by the future of digital society. Digital currencies, decentralization of money, and the growth of new technologies like blockchain, the Internet of Things, and machine learning have produced new opportunities and difficulties for banking and finance, as well as users of these services in electronic commerce. New banking and finance technologies may improve operational efficiency, risk management, compliance, and client pleasure, but they can decrease barriers and introduce new concerns such as cybersecurity risk. Cryptocurrencies with smart contracts for payments and trading, as well as AI systems with adaptive algorithms that allow picture and speech recognition, expert judgement, group categorization, and forecasting in a variety of fields, are instances of increased automation. Simultaneously, the potentials pose risks and raise regulatory concerns. The rise of blockchain technology and its widespread use have had a significant impact on the operation and management of digital systems. At the same time, researchers and practitioners have paid close attention to digital finance. Blockchain's first applications were limited to the production of digital currency, but it has now been expanded to include financial and commercial applications. Innovative digital finance has had a huge impact on business and society since it has been extensively adopted by businesses and consumers. As a result, the goal of this edited book is to expand and deepen our knowledge of the business possibilities of novel blockchain and digital financial applications.

“A Text Book on Customer Relationship Management (CRM)- A Journey from Suspect to Advocate” Prof. (Dr.) Mology

Ghoshal,2025-06-18 This text book on Customer Relationship Management CRM A Journey from Suspect to Advocate has been designed according to the latest syllabus prescribed by different Universities of Delhi Bhubaneswar Kolkata and Chennai for MBA BBA B Com H and BCA students The contents in this book have been incorporated in such a manner to provide maximum flexibility to both teachers and students on this subject The learning materials have been in scripted based on more than 25 years of teaching experience of the Author The Author has ensured to cover all topics with latest examples where applicable Students deserved the best in keeping with this spirit care has been taken to provide best material to enlighten them on this subject Some of the Special Features of this Book are Written in lucid and simple language Extensive coverage of the syllabus as demanded Presentation of text is clear and precise Review questions are given at the end of each chapter along with some previous years questions of different Universities Few case studies have been discussed at the end of the book
