any economic climate This book is not just about theoretical concepts it s a roadmap filled with actionable steps real world examples and expert advice to help you take control of your financial destiny Whether you re working a 9 to 5 job running a business or investing in the stock market Smart Dozen offers you the tools strategies and mindset you need to build wealth like the pros If you re serious about achieving financial independence and building lasting wealth this book is your essential guide to success Take the first step towards your wealth building journey today your future self will thank you Marketing 2030 : The Future of Customer Engagement Dr. Kiran Kumar,Mr. Chintamanigouda Patil,Dr. Ramesh Chandrahasa,2025-04-23

The world of marketing has undergone a profound transformation over the past few decades shaped by rapid technological advancements shifting consumer expectations and evolving economic landscapes As we look toward 2030 it becomes evident that the traditional approaches to marketing are no longer sufficient to meet the demands of an increasingly digital interconnected and sustainability focused world In this new era marketing is not merely about promoting products or services but about building authentic relationships delivering personalized experiences and addressing the broader societal and environmental concerns of consumers Businesses must navigate the delicate balance between leveraging cutting edge technologies such as artificial intelligence AI augmented reality AR and big data while maintaining trust transparency and ethical practices This chapter sets the stage for an exploration of marketing s evolution the key drivers shaping customer engagement in the future and the emerging trends and technologies poised to redefine how brands interact with their audiences By understanding these dynamics marketers can prepare to thrive in a landscape that is as challenging as it is full of opportunity **Political ecologies of the far right** Irma Kinga Allen,Kristoffer Ekberg,Ståle Holgersen,Andreas Malm,2024-05-28

This volume engages with the alarming convergence of far right thinking and the ecological crisis in contemporary society Growing out of the first international conference on political ecologies of the far right the volume gathers crucial insights from authorities in the field as well as promising early career researchers With cases ranging from ethnographical accounts of fossil fuel populist protest historical analysis of the evangelical support for fossil fuels to interrogations of the settler colonial identities and material conditions defended by far right actors around the world the book provides scholars students and activists with ways to understand and counter these developments An electronic edition of this book is freely available under a Creative Commons CC BY NC ND licence *The Onboarding Advantage: How to get new hires up to speed quickly* Silas Mary,2025-01-17

The Onboarding Advantage provides a step by step guide to creating a seamless and effective onboarding process that helps new hires integrate into the company and become productive faster This book highlights the importance of a structured onboarding experience that goes beyond paperwork and training focusing on building relationships familiarizing new employees with company culture and setting clear expectations The book also covers strategies for creating engaging onboarding programs using technology to streamline processes and measuring the success of your onboarding efforts By following the principles in The Onboarding

Advantage organizations can improve employee retention reduce time to productivity and foster long term engagement from day one

The Implications of new Technology, particularly Artificial intelligence (AI) for International Politics Malam Wasai, 2023-09-18 Submitted Assignment from the year 2023 in the subject Politics General and Theories of International Politics language English abstract Greater scrutiny is necessary because AI will have a significant impact on international relations such as putting new topics on the international agenda challenging geostrategic relations serving as a tool for diplomats and negotiators and creating new opportunities and concerns about protecting human rights Scholars and diplomats have found it helpful to think about the different things that affect international relations by breaking them down into three levels of analysis individual state and international State level analysis examines the foreign policy behavior of states in terms of state characteristics For example some scholars say that all democracies behave a certain way they don't fight with other democracies Artificial intelligence impact governance As AI continues to evolve and permeate various aspects of our lives its implications for AI and how does it impact businesses AI artificial intelligence refers to machines that can perceive intelligence synthesize and infer information It is the science and engineering of intelligent machines that can mimic human intelligence to perform tasks and then on the information they collect improve themselves based AI is designed to significantly enhance human capabilities and contributions making it a valuable business asset
