Expert Systems in the Organisation Stuart E. Savory,1988 The aim of this book is to explain to the reader who until now may have possess little or no knowledge about expert systems the possible applications and uses thereof in an introductory manner After reading this book the reader should understand what expert systems are know where they can be introduced and be able to judge correctly where they can be put to economic use in his company The reader can then progress to more advanced texts subject to his or her own judgment and particular interests because we have ensured that the authors of each chapter included what they deemed from their own individual viewpoint to be a list of relevant literature references
