Honest Hybrid Work Schedule Tips For Dads:

The Game Theorist's Guide to Parenting Paul Raeburn, Kevin Zollman, 2016-04-05 I absolutely loved this book both as a parent and as a nerd Jessica Lahey author of *The Gift of Failure* Delightfully witty refreshingly irreverent and just a bit Machiavellian *The Game Theorist's Guide to Parenting* looks past the fads to offer advice you can put into action today As every parent knows kids are surprisingly clever negotiators But how can we avoid those all too familiar wails of That's not fair and You can't make me In *The Game Theorist's Guide to Parenting* the award winning journalist and father of five Paul Raeburn and the game theorist Kevin Zollman pair up to highlight tactics from the worlds of economics and business that can help parents break the endless cycle of quarrels and ineffective solutions Raeburn and Zollman show that some of the same strategies successfully applied to big business deals and politics such as the Prisoner's Dilemma and the Ultimatum Game can be used to solve such titanic age old parenting problems as dividing up toys keeping the peace on long car rides and sticking to homework routines Raeburn and Zollman open each chapter with a common parenting dilemma Then they show how carefully concocted schemes involving bargains and fair incentives can save the day Through smart case studies of game theory in action Raeburn and Zollman reveal how parents and children devise strategies where those strategies go wrong and what we can do to help raise happy and savvy kids while keeping the rest of the family happy too Eliza Berry A Second Chance Daniella Colombo, 2022-02-09 Should a young girl save her father at the cost of trillions of fathers Eliza a tormented thirteen year old lives in the near future in a city called Cresco After her dad disappears down a wormhole she is catapulted into the intrigues of an incredible unfamiliar alien world on Earth Realising that everything she once knew was a lie and with her emerging but unreliable special powers Eliza teams up with her new friends True Bias Yardley and Zeno and sets out on a quest to save her father She soon discovers that it's not only her dad who is in mortal danger but so is the survival of the whole galaxy She has to protect the precious Luxlumen stone from the Viscorpus race But even if she secures the stone as the only bargaining tool does she use it to save her father or the galaxy How can she save them both A note from Daniella Choosing an appropriate book for your child or even for yourself can be a challenge and with so many on offer sometimes making the right choice is a lucky dip The Look Inside feature is excellent as it gives you the opportunity to see the style of writing and the initial direction of the story It is important to highlight that this book is written in British English and has not been translated into American English therefore for younger readers there may be some confusion with language such as Lift Elevator Flat Apartment Pavement Sidewalk I thought I would also add some further information to help you with your choice Eliza Berry *A Second Chance* does not contain any foul language drug use misuse and there is no reference to sex or any sexual scenes or associated language The story does however contain fight scenes which although are not heavily graphic and some are quite comical sometimes Eliza and her pals are in real danger and there are descriptions of being strangled and held by the throat or hair and other characters being hurt We assume one character is dragged into outer

space but this is not confirmed This is a light science fiction novel for children from the age of 10 upwards Eliza Berry the main character is a girl of little confidence and as much as this is a story is about adventure and discovery it is also a story of how Eliza transforms from an individual with low self esteem and poor self worth As many 13 year olds she is struggling to find her place in the world and this story I d like to think takes us on a journey where Eliza learns to love and accept herself for her uniqueness Accepting who we are is an important part of growing up and I touch on the themes of domestic violence low self esteem love family feelings of abandonment isolation fear friendship trust acceptance and honesty All of us are special and unique and we all have a superpower It s just hard sometimes to find it *Professor's Pearls - Sound advice for current & prospective college students* Paige C. Davis,2013-11-26 Sound advice for current and prospective college students Professor s Pearls is an easy to read light hearted book geared toward tweens through young adults Professor Paige C Davis offers her best advice for the college experience from a Christian perspective Perfect for gift giving especially graduation
