**Strategies For Health** Steven Horne, RH (AHG), 2022-01-14 If you re looking to solve your own health problems help someone you love or you re searching for answers to assist customers or clients this practical guide to natural remedies will help you succeed This book is the result of the healing journey I started fifty years ago when I failed to find answers to my own chronic respiratory problems After years of getting worse with allopathic treatments I discovered a different approach I started studying and applying the use of herbs diet and other

natural modalities I went from being a sickly teenager to a healthy young adult For the past forty years I have been consulting writing and teaching sharing what I have learned to help other people experience the same health transformation I wrote *Strategies for Health* to share this knowledge so that anyone who is struggling with poor health can move beyond symptomatic relief and start learning how to achieve lasting health To get better results this book teaches you to find and adopt strategies to correct the underlying root causes of disease such as nutritional deficiencies exposure to toxins unresolved stress and poor lifestyle habits Because when you look beyond treating disease symptoms and correct these root causes the body returns to its natural state health This is the approach that I have taken to successfully care for myself and my family It has also helped me transform the lives of my clients and teach hundreds of successful natural health consultants to do the same And I hope the information in this book will help bring the same health and wellbeing to you and many others
