Funny About That James Taris, 2020-08-21 This book is an hilarious collection of funny speeches and monologues They were written as manual speeches for Toastmasters to advance through the CTM Competent Toastmaster and ATM Able Toastmaster speech manuals They were written over a 7 year period 1997-2003 and during this period James Taris reached the level of ATM Silver Toastmasters provided the perfect training course for James who used his newly acquired skills and confidence to launch him into an international career as a public speaker and writer In fact between 2002 and 2004 he travelled to 19 countries on 5 continents fulfilling speaking engagements and a dream of world travel that he had harboured for decades James realised very early in his Toastmasters club training that the best way to capture and retain an audience's attention was with the use of humour So making his audience laugh became James' main focus These speeches are his favourites Making his audience laugh is still the greatest high that James gets from speaking When you say something funny and your audience laughs you know that it's a genuine response and you've got through to them James says Actually you will find that James uses many of his humorous speeches to deliver some very important messages to his audience It's incredibly hard to get an audience's attention when talking about a serious subject James continues But by using humour you capture their attention and they listen more carefully to make sure they don't miss out on your next joke or funny line That's the perfect time to hit them with something important something profound You can then rest assured that your message has been heard loud and clear Then it's back to more humour You can't afford to let them doze off for a minute Public speaking is quite an art and James Taris has Toastmasters to thank for teaching him the skills but more importantly giving him the confidence to speak in front of an audience These speeches and monologues are for your entertainment And if your goal is to build confidence as a public speaker they are also a testament to the value of Toastmasters as an excellent way to go Finally if you have a speech to give using these speeches to get ideas is probably about the smartest thing you can do

HISTORY OF MY SPEECHES I was fortunate that on my first visit to a Toastmasters club they were having their club's annual Humorous and International Speech competitions On that night I sat in awe as several

club members gave very confident entertaining and impressive speeches Wow I thought If only I could speak like that One speaker Joel participated in both competitions He was the one who impressed me most So after the meeting I made a point to congratulate him and have a chat You don t need to visit the other clubs he said I ve been to all of them and this one is the best Well that s all I wanted to hear So within the next few minutes I became a member of Alfred Toastmasters and volunteered to give my first speech at their next meeting a fortnight away Joining Alfred Toastmasters was everything I hoped it would be and more Since that time I have given 30 manual speeches and developed my speaking skills to the professional level I aimed for from the very start In fact because of the excellent speaker training I got from the club I gained the confidence to embark on several international speaking tours that took me to 19 countries on 5 continents I also turned one of my speeches Pericles Athens Most Glorious Ruler into a one man play The Glory of Athens which I performed in 10 countries including theatre performances in London and Hollywood Most of my enjoyment however has come through delivering humorous speeches The spontaneous laughter from the audience is one of the most satisfying experiences I have ever had
