Personnel Management Abstracts ,2000 *Human Resource Management 4.0* Stefan Bikar,2020 Purpose This study seeks to explore the opportunities that could be delivered through a digitized HRM the so called e HRM The purpose of this study is to examine the factors that influence the adoption of operational relational and transformational e HRM practices

within German SMEs Furthermore it examines the impact of the three e HRM types on organizational outcomes such as HR service quality or organizational performance Due to the current COVID 19 pandemic the work environment has changed drastically and therefore it was explored whether e HRM could help employees to adapt to this challenge Methodology SMEs in Germany were asked to participate in this study which led to a sample of 56 organizations The provided data was analyzed by applying several tools like Cronbach s alpha multiple regression analyses and PROCESS by Hayes Findings The findings reveal that organizational size is a general determinant of operational and relational e HRM adoption In contrast others such as industry and the average age of employees do not show any correlation Furthermore it was found that relational e HRM practices have a significant positive impact on HR service quality and a slightly significant positive impact on organizational performance It was further explored that HR service quality influences the relationship between relational e HRM practices and organizational performance All three types of e HRM are positively related to the employees adaptability to the COVID 19 pandemic Implications This study is one of the first exploring the link between operational relational and transformational e HRM practices and organizational outcomes by analyzing perceptions of SMEs throughout various industries in Germany This study allows companies to draw conclusions about which e HRM practices could be useful to them Furthermore e HRM proved to be one tool to deal with the challenges of the COVID 19 pandemic

HRM and Performance David E. Guest, Jaap Paauwe, Patrick M. Wright, 2012-12-19 The link between HRM and performance has become an important policy issue at both a national and a corporate level HRM and Performance draws on the knowledge and expertise of a number of leading international scholars in the field of HRM to provide a comprehensive overview of the current state of HRM and identify fruitful directions for theory research and practice A central question throughout is what s next for HRM and what are the keys to the future of managing people and performance

Performance Management for Agile Organizations Tim Baker, 2017-02-14 Baker takes on eight dysfunctional people management practices originating from the scientific management and offers practical solutions for changing these practices and increasing organizational agility Agile is the new black Every business now has to be adaptive nimble and ready to pivot managers have to be comfortable with ambiguity and constantly ready for change And yet While agility is regarded as essential for competitive advantage most organizations are still unthinkingly applying people management practices rooted in Frederick Taylor s scientific management philosophy of the early 20th century designed to ensure consistency and efficiency on production lines but which actively prevent the sort of creativity and flexibility needed in the modern workplace 100 years of scientific management has led to the creation of eight performance myths Myths that impede the agility necessary to compete in the age of the knowledge worker but which are so instinctively embedded in management psyche that they go unchallenged despite the fact that the changing world of work has rendered them dysfunctional and counterproductive Through case studies and examples Baker demonstrates how the right workplace culture for promoting and applying agile decision making consists of eight values shared by employer

and employee values that are polar opposite of the values and assumptions of traditional management styles A new psychological contract that enables the collaborative working relationship necessary for agility to flourish

Reinventing Talent Management Edward E Lawler,2017-05-15 In this book preeminent organizational scholar Edward Lawler identifies a comprehensive and integrated set of talent management practices that fit today s rapidly evolving workplace The world of work has changed dramatically says Lawler Organizations now operate in a global environment New technologies continue to disrupt how when and where work is done and should be managed The workforce is becoming more diverse Sustainability has joined profitability as a key business goal All of this has dramatically accelerated the pace of change making recruiting the best talent not simply filling positions an overriding concern But too many organizations still use a job based bureaucratic talent management approach that doesn t take into account how the world has changed Indeed a recent study showed that from 1995 to 2016 there was no significant change in the way HR spends its time Lawler says that talent management has to be reinvented It needs to be closely linked to the organization s overall strategy Recruitment and talent management should be driven by the skills and competencies the organization needs for long term growth This means talent management requires agile systems that can respond quickly to changing conditions and that take a more individualized approach to evaluating and rewarding performance And everything talent management does has to be based on evidence not tradition Lawler looks at attracting selecting developing rewarding managing and organizing talent through this new lens In today s world organizations have to constantly reinvent themselves and talent management must do the same

Reinventing Talent Management Edward E. Lawler,2017-05-15 This book teaches managers and human resource executives how to identify a comprehensive and integrated set of talent practices that fit the evolving workplace and that will dramatically improve the effectiveness of all organizations
