A City on the Edge Dennis R. McBride, 2025-09-30 Some years change the course of history 2020 was one of those years As a pandemic lockdowns and an economic downturn convulsed America police shootings of George Floyd and other African Americans touched off the largest protest movement in U.S. history At the same time mass shootings soared many states saw unprecedented increases in gun related incidents Churning in the background were a bitter presidential election campaign and counterprotests opposing public health measures and the election result itself Mayors of cities big and small struggled with some of these challenges but Dennis McBride the new mayor of a mid sized mostly White suburb bordered by the majority minority City of Milwaukee called the heartland of the heartland faced them all His city a microcosm of a troubled America teetered on the verge of anarchy while playing a crucial role in the presidential election A City on the Edge is the gripping story of how he and other mayors have steered America's hometowns through a storm of personal and political divisions Though the chaos of 2020 has gradually subsided it is still reverberating in the nation's economy politics and psyche The changes sparked by the events of that historic year continue to vex mayors and their communities Americans and their leaders are searching for a new equilibrium That balance will be found first in our hometowns A City on the Edge offers a path forward

Survival: One Health, One Planet, One Future George R.

Lueddeke,2018-09-17 Planet Earth has been here for over 4 5 billion years but in just two human generations we have managed to place our only home at great risk Many lessons from history have not yet been learned and new lessons may prove equally if not more difficult to take on board as we head deeper into the twenty first century This book highlights two of our greatest social problems changing the way we relate to the planet and to one another and confronting how we use technology dataism for the benefit of both humankind and the planet Covering a wide range of key topics including environmental degradation modern life capitalism robotics financing of war vs peace and the pressing need to re orient society towards a sustainable future the book contends that lifelong learning for sustainability is key to our survival The author argues that One Health recognising the fundamental interconnections between people animals plants the environment needs to inform the UN 2030 Sustainable Development Goals and that working towards the adoption of a new mindset is essential We need to replace our current view of limitless resources exploitation competition and conflict with one that respects the sanctity of life and strives towards well being for all shared prosperity and social stability Clearly written evidence based and transdisciplinary and including contributions from the World Bank InterAction Council Chatham House UNESCO World Economic Forum the Tripartite One Health collaboration UN Food and Agriculture Organization World Organisation for Animal Health and World Health Organization One Health Commission and more this book cuts across sociopolitical economic and environmental lines It will be of great interest to practitioners academics policy makers students nongovernment agencies and the public at large in both developed and developing nations
