III Sponsored 2nd International Conference on Gender Equity Challenges and Opportunities 2nd ICOGECAO 2020 Virtual Mode held at Sardar Vallabhbhai National Institute of Technology Surat Gujarat India from 25 to 27 November 2020

ICOGECAO provided a platform for researchers from multiple countries to present their views about the challenges associated with gender equity. Gender equity is one of the seventeen Sustainable Development Goals (SDG 5) set up by the United Nations in 2015 to promote and empower all genders equally. The proceedings strongly support the ideas of gender neutrality and blow out the mind set of limiting gender studies to only women rights. They offer a collection of articles that break the stereotypes and myths often wrongly associated with gender. The ideas in the presented papers highlight gender based discriminations, ask important questions and share facts that encompass beyond the so called boundary lines. The authors contributed on various topics including but not limited to violence, crime, discrimination and abuse against women and LGBTQ community. The basic motive of the presented book is to incorporate ideas and contribute to the sensitization and education about the important yet often neglected issues of gender equality. Thus this book proves to be an essential resource for educators and researchers working in the field of gender studies. The work presents challenges caused due to COVID 19, social media, popular culture and work life balance and explores empowerment through law, skills, technology and media. Some interesting case studies highlighted gender discrimination in science, sports and law. A variety of papers on literary texts were examined from a gender lens. The proceeding is divided into five subsections: 1 law, 2 literature, 3 management, 4 sociology and 5 social studies. The proceeding provides a wider perspective and visuals about the scenarios which need attention. The ideas presented will be helpful for achieving the sustainable development goal of gender equity to a greater extent.
