## **Dubai 2020 Urban Masterplan Dubai Municipality:**

**The Report: Dubai 2020** Oliver Cornock, Although Dubai has traversed some challenging economic territory over recent years the economic stimulus of Expo 2020 preparation and more stable oil prices have eased this strain in 2019 and business sentiment has improved accordingly With the long anticipated expo event set to take place in 2020 attention has started to focus on the important question of sustaining the current economic momentum over the medium term *Transit Oriented Development and Sustainable Cities* Richard D. Knowles,,Fiona Ferbrache,2019 This book provides new dimensions and a contemporary focus on sustainable transport urban regeneration and development in eight countries spanning four continents at different stages of development It examines the role of transit oriented development TOD in improving urban sustainability and providing different transport choices exploring how these can be implemented in modern cities **The Report: Dubai 2019** Oliver Cornock, Near term sentiment is on the rise amongst Dubai s business leaders with the IMF forecasting a healthy GDP growth rate of 4.2% in 2019 for the emirate While not as exposed as some of its regional neighbours to the effects of fluctuating commodities prices in recent times Dubai nevertheless stands to benefit from the knock on effects of higher prices over the last year **Arab Modernism(s)** Yasser Elsheshtawy,2026-01-30 Arab Modernism s is an exploration of how the Arab world encountered modernism sometimes inadvertently sometimes deliberately and how those encounters continue to shape the built environment of its cities today Adhering to his late father s belief that cities are nothing without people Yasser Elsheshtawy writes not just about the buildings but the lives lived in and around them His narrative weaves together personal anecdotes and works of fiction and film thus providing a textured backdrop to his central theme the evolution of modernism in Arab cities Following the introduction the next ten chapters each focuses on a different city or town moving from Hassan Fathy s Gourni to Cairo Algiers Rabat and Casablanca Amman and Beirut and then to the Gulf cities of Riyadh Kuwait Doha and Abu Dhabi and Dubai The book closes with a Coda a tribute to the author s father Hassan Elsheshtawy *Urban Challenges in the Globalizing Middle-East* Simona Azzali,Silvia Mazzetto,Attilio Petruccioli,2021-04-20 This publication aims to investigate the nature of social life in public and urban spaces in the cities of the Middle East considering the value of environmental approaches It aims to develop a better understanding of the patterns of social interactions and activities in public places which have been influenced by cultural heritage values Sustainable and livable open spaces can help in improving living conditions in cities Public spaces are relevant as they satisfy many human needs In public spaces people interact and meet people with different cultures and social backgrounds can communicate and learn from each other in social and spontaneous ways However decision makers tend to forget the value of public spaces especially in the absence of a national regulatory framework in emerging globalized cities The book provides a multi disciplinary approach in reading the characteristics and values of public spaces in the emerging cities of the Middle East *Dubai 2020 Urban Masterplan* ,2012 This summary Document is based on extracts

from the terms of references and the reports of the four phases of the Dubai 2020 Urban Master Plan submitted by the consultant AECOM This summary document includes partially revised contents maps and images made by the steering committee to the original reports submitted by the consultants Acknowledgement *The Report: Dubai 2015* Oxford Business Group, 2011-01-12 Already a regional and global centre for business and finance Dubai's reputation has been bolstered by the MSCI's decision to upgrade the UAE from frontier to emerging market status in 2014 while the emirate's successful Expo 2020 bid is expected to generate myriad opportunities for private investors across a range of sectors Construction is thriving once again driven in large part by strong retail sector growth with various projects including plans for the world's largest mall indicating that the sector will maintain its position as the emirate's biggest GDP contributor moving forward The transport and logistics framework is set for major expansion in the coming years as well furthering cementing the emirate's status as a leading transport and logistics hub not just regionally but globally too The continued development of Dubai's retail and hospitality offerings alongside the upgrades to its airports should help to ensure robust growth in visitor numbers from both the region and further afield Desert Paradises Julian Bolleter, 2019-03-29 Desert Paradises Surveying the Landscapes of Dubai's Urban Model explores how designed landscapes can play a vital role in constructing a city's global image and legitimizing its socio-political hierarchy Using the case study of Dubai Bolleter explores how Dubai's rulers employ a paradisiacal image of greening the desert in part as a tool for political legitimization Bolleter also evaluates the designed landscapes of Dubai against the principles of the United Nations and the International Federation of Landscape Architects and argues that what is happening in Dubai represents a significant discrepancy between theory and practice This book offers a new perspective on landscape design that has until now been unexplored It would be beneficial to academics and students of geography landscape architecture urban design and urban planning particularly those with an interest in Dubai or the many cities in the region that are experiencing Dubaiification *Middle East Economic Digest*, 2007 **MEED.**, 2007 **Country Report**, 1990 Meed Middle East Business Weekly, 1989 **The State of Arab Cities 2012**, 2012 The Arab world has played a very important role in the history of urbanization It is the region where urban civilization was born and where urban matters have been addressed for centuries The Arab urban civilization as it has evolved over the past millennium has generated some of the most beautiful cities in the world This publication is the first ever to comprehensively analyze urbanization processes in the Arab States through the review of its four sub-regions the Maghreb the Mashreq the Gulf Cooperation Council countries and the least developed Arab countries of the Southern Tier **World Highways**, 2005 *Dubai: Behind an Urban Spectacle* Yasser Elsheshtawy, 2010 This book explores Dubai's history from its beginnings as a small fishing village to its place on the world stage today using historical narratives travel descriptions novels and fictional accounts by local writers to bring colour to the history of the city's urban development With case studies and surveys the author explores the economic and political forces driving Dubai's urban

growth its changing urbanity and its place within the global city network      *Elements of Traditional Architecture in Dubai*

Dubai Municipality , 1986      *Dubai Municipality* Mouchel Group (Firm), 1978      *Dubai Amplified* Stephen J.

Ramos, 2016-04-29 Following the British withdrawal in 1971 the Gulf Region entered a heady period of political restructuring awash with oil money that helped fund national aspirations Infrastructure investment became a central part of the region's nation building initiatives and fueled strong competition Without its neighbours oil fields infrastructure and territorial development became particularly vital to Dubai This book provides a unique and detailed understanding of Dubai urbanism by demonstrating that cumulative programmatic intensification and scalar amplification of its large scale infrastructural components guided its metropolitan growth and generated a territorial organization logic that outstripped the predictive capacity of traditional Western master planning Dubai's rapid series of infrastructural projects culminated in the Jebel Ali Port Industrial Area and Free Zone which marked a definitive before and after point The book shows how Jebel Ali also became the template for subsequent developments Dubai World Holdings Company's international aspirations and the agencies that manage and regulate Dubai's large scale infrastructural projects today Dubai Amplified highlights the cycle of typological borrowing prototypical replication and scalar amplification specifically in Dubai's infrastructure projects to best describe its general territorial development While infrastructure is traditionally understood as the elemental hardware that undergirds urban development the book concludes by arguing that the definition should be expanded in this case as more of a set of objects networks and services that cities can selectively borrow replicate and amplify
