History and Economic Life Georg Christ, Philipp R. Rössner, 2020-02-27 History and Economic Life offers students a wide ranging introduction to both quantitative and qualitative approaches to interpreting economic history sources from the Middle Ages to the Twentieth Century Having identified an ever widening gap between the use of qualitative sources by cultural historians and quantitative sources by economic historians the book aims to bridge the divide by making economic history sources more accessible to students and the wider public and highlighting the need for a complementary rather than exclusive approach Divided into two parts the book begins by equipping students with a toolbox to approach economic history sources considering the range of sources that might be of use and introducing different ways of approaching them The second part consists of case studies that examine how economic historians use such sources helping readers to gain a sense of context and understanding of how these sources can be used The book thereby sheds light on important debates both within and beyond the field and highlights the benefits gained when combining qualitative and quantitative approaches to source analysis Introducing sources often avoided in culturally minded history or statistically minded economic history courses respectively and advocating a combined quantitative and qualitative approach it is an essential resource for students undertaking source analysis within the field The Index ,1873 The Church Times ,1901 *Bulletin of the Atomic Scientists* ,1981-06 The Bulletin of the Atomic Scientists is the premier public resource on scientific and technological developments that impact global security Founded by Manhattan Project Scientists the Bulletin s iconic Doomsday Clock stimulates solutions for a safer world **Journal of Education** ,1883 **Bulletin of the Atomic Scientists** ,1968-10 The Bulletin of the Atomic Scientists is the premier public resource on scientific and technological developments that impact global security Founded by Manhattan Project Scientists the Bulletin s iconic Doomsday Clock stimulates solutions for a safer world **Bulletin of the Atomic Scientists** ,1975-02 The Bulletin of the Atomic Scientists is the premier public resource on scientific and technological developments that impact global security Founded by Manhattan Project Scientists the Bulletin s iconic Doomsday Clock stimulates solutions for a safer world **The Illustrated London News** ,1873 Bulletin of the Atomic Scientists ,1953-11 The Bulletin of the Atomic Scientists is the premier public resource on scientific and technological developments that impact global security Founded by Manhattan Project Scientists the Bulletin s iconic Doomsday Clock stimulates solutions for a safer world **The Saturday Review of Politics, Literature, Science and Art** ,1864 Education Outlook ,1894 **Saturday Review of Politics, Literature, Science and Art** ,1864 **New York Times Saturday Review of Books and Art** ,1969 Presents extended reviews of noteworthy books short reviews essays and articles on topics and trends in publishing literature culture and the arts Includes lists of best sellers hardcover and paperback The New York Times Review of Books ,1968 **Forthcoming Books** Rose Army, 1994-02 Glencoe World History, Modern Times, Active Reading Note-Taking Guide, Student Edition McGraw-Hill Education, 2004-09-13 **Glencoe**
