Breyer,Richard B. Stewart,1992 *Administrative Law and Regulatory Policy* Stephen G. Breyer,1982 **Administrative Law In The Political System** Kenneth F Warren,2004-04 Previous editions published 3rd 1996 and 1st 1982 **The Legal Foundations of Public Administration** Donald D. Barry,Howard R. Whitcomb,2005 The third edition of this highly respected textbook introduces students of public administration to the practical issues of administrative law While useful to law school students it is most relevant to public management students The presentation provides a concise foundation to the history and theory of administrative law rule making and judicial decisions The most important issues in administrative law are included meaningful issues for present and future administrators A larger number of recent cases and other up to date information will be found in the book in order to make the student aware of the kinds of legal problems likely to be encountered in public agencies One or two cases illustrate each problem at hand rather than discussing numerous arcane court decisions and technicalities of legal procedure in order to sketch the broad contours of the present law Economics of Regulation and Antitrust, fifth edition W. Kip Viscusi,Joseph E. Harrington, Jr.,David E. M. Sappington,2018-08-14 A thoroughly revised and updated edition of the leading textbook on government and business policy presenting the key

principles underlying sound regulatory and antitrust policy Regulation and antitrust are key elements of government policy This new edition of the leading textbook on government and business policy explains how the latest theoretical and empirical economic tools can be employed to analyze pressing regulatory and antitrust issues The book departs from the common emphasis on institutions focusing instead on the relevant underlying economic issues using state of the art analysis to assess the appropriate design of regulatory and antitrust policy Extensive case studies illustrate fundamental principles and provide insight on key issues in regulation and antitrust policy This fifth edition has been thoroughly revised and updated reflecting both the latest developments in economic analysis and recent economic events The text examines regulatory practices through the end of the Obama and beginning of the Trump administrations New material includes coverage of global competition and the activities of the European Commission recent mergers including Comcast NBC Universal antitrust in the new economy including investigations into Microsoft and Google the financial crisis of 2007 2008 and the Dodd Frank Act the FDA approval process climate change policies and behavioral economics as a tool for designing regulatory strategies
