Utilizing theoretical and methodological approaches based in cultural studies, *Milestone Celebrations in the Age of Social Media* analyzes social media phenomena including gender reveal parties, promposals, publicized marriage proposals, divorce celebrations, and the rites of the Death Positive Movement. Carly Gieseler illustrates how the public sharing of major life events on social media platforms reshapes the way we communicate about topics including courtship, birth, marriage, divorce, and death. While each trend represents a unique occasion, these celebrations share themes inherent to our human experience in the digital age. Culminating in the wake of the pandemic and its impact on each communal celebration, this book illustrates one of our most vital human drives: connection. *Market Watch*, 1981.
